Bill Davis - Inspector of Elections NBT South 2 (incumbent)

Four years ago, there was a vacancy in my precinct for an Inspector of Elections. Disruption in the polling place was a real concern so I decided to run for the open seat and was elected as Minority Inspector. My first job out of college was as a Congressional aide, then a campaign coordinator for a Congressional campaign. I ran for the PA General Assembly shortly thereafter, after serving on two Democratic Presidential campaigns. After a career in business, I retired and chose to return to politics to contribute whatever I could. I have always believed that democracy is not a spectator sport, that civic involvement is required and this is my way of contributing to our democracy.
