Brick Wall: No. Listen to your father.

Brick: Fine…

Chair: ANYWAYS…I'm Chair the host of this show. We're currently in an abandoned amusement part. This is where the show where you 24 objects will battle it out for a big prize will take place!

Swordy: Heh, What's the prize?

Chair: I'll tell you later. Now let's get to the-

Swordy: Nononono you better tell us the prize right now!

Band-Aid: Yeah, why are you hiding it from us?

Chair: Uhhhhhhhhhh come on everyone!

"Everyone shrugs but follows Chair"

Google Chrome: This place looks so ugly, where even are we?

Campfire: Sorry, where is we? WE only heard of an idiot around here.

Google Chrome: Shut up.

Bronze Medal: Hey! Be a good sport! We all deserve some recognition!

Google Chrome: Whatever loser.

Bronze Medal: Hey, I'm not a loser!

Google Chrome: Look at yourself.

Pokeball: Hey! Be nice meanie!

Planty: He's not the only one who's mean.

Pizza Box: Did anyone order a pizza?

Planty: Dude, no one asked.

Pizza Box: I've got an order for Broccoli Pizza.

Broccoli: Oh! Gimme Gimme!

Highlighter: Um…Isn't that cannablism?

Broccoli: "numnum" what did you say?

Highlighter: Whatever.

Window: Wow! This place is so beautiful! Maybe I can garden here!

Marker: Are you stupid or something, this is a rusty abandoed wasteland that got burned centuries ago. This is nowhere NEAR beautiful.

Window: Well, this landscape is cool and beautiful!

Marker: I wish I could go back to Roblox…

"The contestants arrive at a door

Chair: We're here!

Purple Dice: Oooh! I love doors!

Stop Sign: I demand you show us this so called door! It's against the law!!!

Stop Sign: SHUT UP!?

Thread: Hey! Leave her alone! She's just trying to help!

Stop Sign: Oh ho ho are you messing with the cops?

Infinity: Uhhh, you messed with us first.

Stop Sign: Oh ho ho prepare to talk to the judge!

"Stop Sign gets blasted by a blast of light from Infinity"

Chair: Guys stop fighting it's time for the challenge! Everyone enter this room!

"Everyone single files enter the door and ends up on a platform"

Marker: What's happening?

"A screen pops up showing Chair"

Chair: Welcome to your first challenge!

Band-Aid: ARE YOU CRAZY?!

Chair: Hey! Be quiet! Anyways, here's your first challenge.

"Chair turns of the screen explaining the challenge"

Challenge: There are multiple stars falling out of the sky. You must grab onto the stars by staying on the platform below. If you fall off the platform, you'll lose all of your stars and respawn back at the platform. The Five Contestants who collect the most starts will not only win immunity but will be the team captains for the rest of the season. Also, the contestant with the lowest number of stars will be eliminated right at the spot. Three, Two, One, GO!

"Stars start falling from the sky"

Window: Ooh! They're so pretty!

"Google Chrome pushes Window and grabs 3 stars"

Google Chrome: Hah! I got 3 already!

Stop Sign: Hey! Pushing and shoving is against the-

"Google Chrome pushes Stop Sign"

Google Chrome: Shut up.

Marker: Uggghhhhh this challenge is soooooooooo boring

Swordy: Then, jump off!

"Swordy stabs 5 stars by his tip"

Swordy: I'm winning this!

The Sky: You DO know that stabbing the stars is kind of painful, and excruciating to the poor little stars.

Swordy: So what? It doesn't matter.

"Swordy stabs 5 more stars"

Star: 😦

"Campfire is busy burning the stars while Broccoli is busy biting the stars like a dog"

Pizza Box: Ooh! Star Pizzas!

Band-Aid: So in order to have the least chance of not being eliminated, I'm going to have to knock people off the platform and get at least 1 star.

"Thread, Mouse, Infinity, Strawberry, and Pokeball are busy collecting stars"

Phone: I want to go home

Highlighter: This is actually really fun! I've got 5 stars!

Swordy: Well, too bad for you because I have 15 stars!

"Swordy is trying to keep his balance because he impaled all the stars with his tip"

Swordy: woah…WOAH!!!

"Swordy's balance falls, where he falls of the platform and into the water and then he resets with no stars"

Swordy: DANG IT!

Pizza Box: hmmm star pizza…celestial sauce…check…

Purple Dice: What are you doing?

Pizza Box: I'm making a star pizza! I need 10 stars as toppings and I brought my portable blender to make the sauce!

Purple Dice: …okay?

Highlighter: I've collected 57 stars! Is it enough to win the challenge?

"Stop Sign grabs 56"

Highlighter: Hey! Foul! That's cheating!
