

REALTORS GUILD

eXp World

The world is best explained as the University Campus. You go into the world for any of our live scheduled classes on the calendar link below. We also have our State Broker meetings and contract training in the world as well. Most of these world classes are recorded and housed in the [eXp University Library Group](#) in Workplace.

[Hardware & Software Requirements](#)

Downloading eXp World:

§ Go to: <https://download.exprealty.com/>

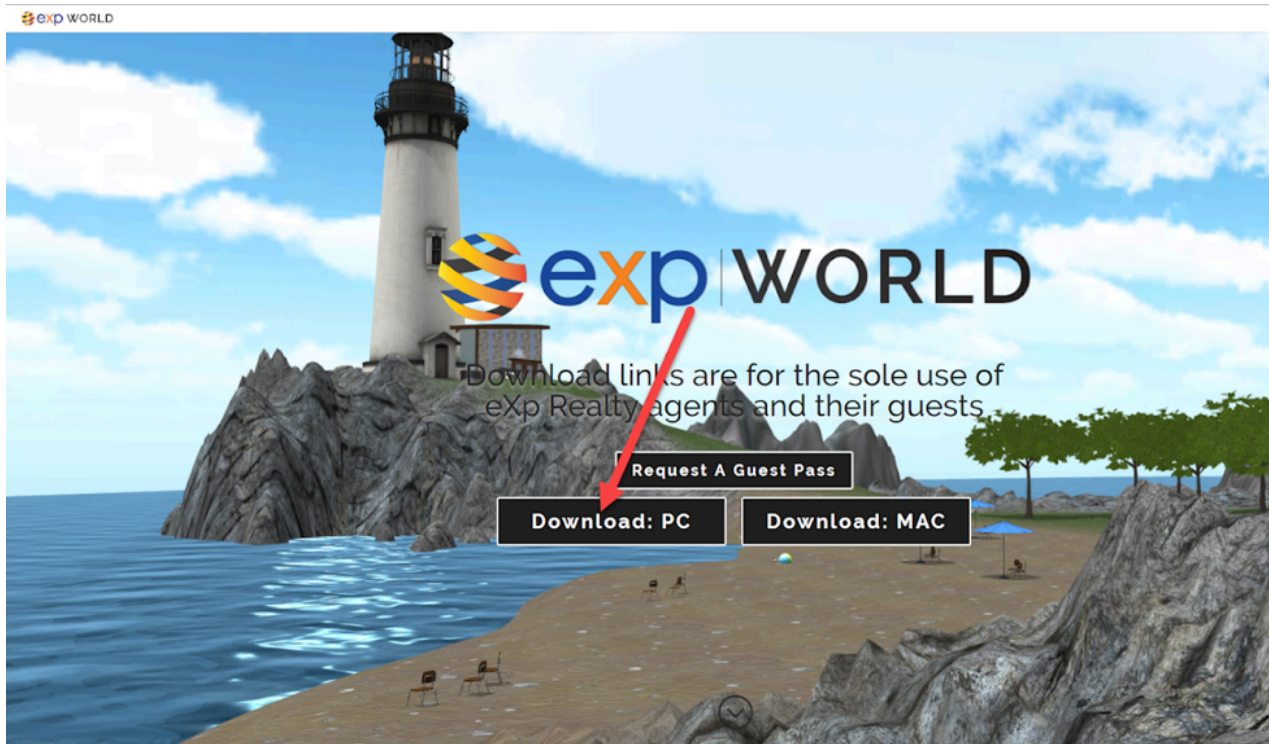

If you wish to use an Oculus Rift please download [this installer](#) instead

§ [How to download & install eXp World \(Windows\)](#)

§ [How to download & install eXp World \(Mac\)](#)

§ [Is eXp World compatible with Chromebook? - No, but...](#)

[eXp Realty Events Calendar](#) expcloud.com

SET UP YOUR AVATAR!

Then explore the world where you can...

- Take live classes
- Get support from Tech Outpost
- Get help from the Account Department
- Visit with Agent Services
- Attend national and state meetings
- Ride the speedboats, play soccer, climb the lighthouse, swim out to the pirate ship or hang out on the beach for a little fun

Create a Guest Pass for a Friend

Any agent that is active with eXp Realty (**not in the joining process**) has the ability to invite a guest

This can be done on any of the following -

1. download.exprealty.com
2. expenterprise.com - The invite a guest widget is located on the home page under technology solutions
3. <https://inviteaguest.exprealty.com/> - Use your eXp email & passport password when signing in

This is a 2 week guest pass ONLY.

You will need to create a new one after the original has expired.

These are good for assistants and other visitors that need access to eXpWorld.

It will also provide them access to explore.exprealty.com

explore.exprealty.com is a great source of information including hours of operation for the different departments and their emails.

eXp World Command Shortcuts
