2. At least one Umpire-In-Chief (UIC) will be on-site during Tournaments. In the event an on-field issue cannot be resolved by the field umpires, the UIC will be called to the field.
3. Tournament Formats: Pool Play to single elimination Timed Games
 - a. All games will have time limits except the Semifinals and Finals. Mercy Rule is in effect for **ALL GAMES!** Mercy Rule is 14 runs after two innings, 12 runs after three innings, 10 runs after four innings, and 8 runs after five innings.
 - b. Pool Games

 - a. If the home team is ahead and batting when time expires, the game is over.
 - b. Pool games can end in a tie.
 - c. International tie breaker is used for Elimination games.
 - ii. Elimination Games
 1. Game length is 1:20 complete the inning, if necessary.
 - a. If the home team is ahead and batting when time expires, the game is over.
 - iii. Semi-final Games (single elimination only)
 1. Game length is seven innings or Mercy Rule as stated above. **10U is six innings maximum**
 - iv. Finals
 1. Game length is seven innings or Mercy Rule as stated above. **10U is six innings maximum**
 - c. International Tie Breaker
 - i. Implemented if an Elimination game ends in a tie after regulation.
 - ii. Implemented if a Final game ends in a tie after regulation.
 - d. Choosing Home or Away Team
 - i. During pool play a coin toss determines home and away.
 - ii. During single elimination the higher seeded team can choose home or away.
 - e. Weather Cancellations
 - i. If a Championship game is called due to weather, darkness or an uncontrollable/unforeseen circumstance, and the game is tied, the higher seeded team shall be declared the winner.
 - ii. Every effort will be made to complete every scheduled game within the scheduled time limit. In the event of rain delays, the Tournament Director reserves the right to reduce the time limits of all remaining games and/or change the format of the tournament to reach the conclusion and determine a winner.
4. Pool play seeding and tie-breaker criteria:
 - a. Total Number of Wins, followed by
 - b. Winning Percentage (number of wins + .5 for each tie / games played), followed by
 - c. Average Runs Allowed (total runs allowed / games played), followed by

- d. Average Runs Scored (total runs scored / games played), followed by
- e. If still tied, it goes to coin toss.
- f. Head-to-Head is used only in situations where only two teams are tied at any level in the tiebreaker chain. If more than 2 teams are tied in any criteria, then head-to-head is ignored.
- g. Common Example:
 - i. Teams A, B and C are tied at Total Number of Wins. No Head-to-Head is used and the system moves to Winning Percentage.
 - ii. Teams A, B and C are still tied at Winning Percentage. No Head-to-Head is used and the system moves to Average Runs Allowed.
 - iii. Team C allowed an average of 2 runs. Teams A and B are tied allowing an average of 3 runs. Team C is seeded ahead of teams A and B.
 - iv. Since teams A and B are the only 2 teams remaining and are tied at Average Runs Allowed, Head-to-Head is looked at between those two teams only.
 - v. If teams A and B never played each other, the system moves on to the next criteria in the tiebreaker chain, Average Runs Scored.
 - vi. However, if teams A and B played each other, Head-to-Head is used and the winner of the Head-to-Head game is advanced ahead of the loser of the Head-to-Head game in the final seedings.
 - vii. Teams that move ahead via Head-to-Head are noted in the seeding table with an asterisk.
 - viii. In the case of teams that play an unequal number of pool games due to a situation such as weather, the first criteria is important as teams with a higher number of wins, but the identical winning percentage, will be placed ahead in the seedings.
 - ix. In the case where a team plays an extra pool game above the norm, due to an uneven number of teams in 3-game pool play, their worst result is removed from the standings. The game will count for the opponent but not for team that had its result removed. Head-to-head will be nullified for a team whose results were removed.

5. The game is in the control of the Umpires on the field.

6. **Teams must be prepared to play 30 minutes prior to game time.** If circumstances permit to start games early, the umpires will do so

The AP(s), if used, must be selected prior to the start of the game, and their name(s) must be included on the line-up card presented to the Umpire. Failure to declare the use of the AP(s) prior to the game precludes the use of the AP(s) in that game. If a pinch-hitter or pinch-runner is used for an AP, that player becomes the new AP. The original AP(s) may re-enter like any other player under the re-entry rule. If an AP is used, the position must be used the entire game.
