TiLT Conference 2022
Technology in Language Teaching
23rd April 2022 - 10 to 4 and 4.30 to 6.00

The Ashcombe School

REGISTER ON EVENTBRITE:

[HTTPS://TINYURL.COM/TILT22](https://tinyurl.com/TILT22)

THANK YOU

Thank you for your interest in the TiLT Conference 2022.

TiLT (Technology in Language Teaching) is a conference for language teachers interested in embedding technology in their lessons. The event is organised by the London Branch of ALL (Association for Language Learning) and Joe Dale. To learn more about ALL London, please visit - and bookmark – our website: <http://www.all-london.org.uk>

RATIONALE

In March 2020 we were planning the TiLT 2020 face to face conference, but had to cancel at very short notice and switch to online webinars. Here is a link to well over 100 recordings made during lockdowns. <https://all-london.org.uk/webinars/>

We were not confident that we could hold a conference this April, but following the enormous success of the ALL Language World and the enthusiasm shared by teachers, we have decided to provide an opportunity for us all to meet up. We realise that this is very short notice, but hope that as many as possible can gather together to celebrate languages and technology!

SPONSORS

We are grateful to The Ashcombe School for providing the venue free of charge, to Linguascope for providing calendars and to David Binns of Sanako who will be attending.

LanguageNut will provide hot drinks and biscuits and **STOP PRESS!!... David Binns of Sanako has generously offered to buy us a sandwich lunch!** (So no need to BYOPicnic!) We are also looking forward to welcoming David as a presenter.

If there are any potential sponsors out there who are keen to offer anything else, let us know!

PROGRAMME AND TIMINGS

Here is the provisional plan, enabling us to all be together at the start and the end of the day.

PLEASE PARK IN RANMORE CAR PARK (SEE MAP BELOW) AND COME TO FIRST FLOOR OF SIXTH FORM BLOCK.

09:30 Registration and refreshments in the Sixth Form Block – upstairs.

10:00 - 10.30 PLENARY in the Sixth Form Block. WELCOME, 'Tips and Tricks'- Joe Dale

	ICT suite B27	ICT suite B28	B26 Classroom
Saturday session 1 10.35 - 11.35	Marie Alliot <i>App smashing and extensions for Genially</i> Adeline Moston <i>Quick ideas for retrieval practice, revision or homework activities using Genial.ly, Learningapps and Flippity</i>	Esmeralda Salgado <i>Giving students wings: developing fluency with Digital Tools.</i> 1. Creative and simple ways to develop oral skills via digital tools (spinning wheel, Flippity, Quizziz, Flipgrid) 2. Google Earth projects for creative reading leading to oral activities, Flipgrid, appsmashing with Google Earth and other apps, such as Flippity.	
11.40 - 12.05	Coffee - Sixth Form Centre		
Saturday session 2 12.10 – 1.10	Joe Dale: <i>Promoting an inclusive approach with tips on accessibility using technology</i>		David Binns <i>An opportunity to try out the newly-released version of 'Sanako Connect' and experience it first-hand.</i>

1.15 - 2.00	Lunch - Sixth Form Centre		
Saturday session 3 2.05 - 3.05	<i>Julia Morris</i> <i>A crime story for beginners</i> A look at a crime story that runs alongside the text book (school topic), using the new vocab in a more exciting way - with some puzzle ideas and planning steps.	Jérôme Noguès Use Screenpal (Chrome extension) to help productivity and develop pupils' speaking skills; Use Microsoft Teams Reading Progress to help with pronunciation and fluency Use Canva Edu to develop creativity skills: demo of 2 projects.	
Saturday Session 4: 3.10 - 4.10	<i>Joe Dale: Practical classroom podcasting using Anchor - Sixth Form Centre</i>		
4.30	Show and Tell - Sixth Form Centre		

SHOW AND TELL

From 4.30 there is an opportunity for all to share ideas, techie or non-techie, at a relaxed 'Show and tell' when we eat up the leftovers from lunch! We usually end at about 5.30 - 6:00, but feel free to leave whenever you need to.

TICKETLESS ADMISSION

For simplicity's sake, we don't issue any 'tickets' and you don't need to bring any confirmation, email printouts or receipts with you on the day. We will have your name at the registration desk and we will simply tick it off on our list.

TELL EVERYONE ABOUT THE EVENT

Please help us spread the word and make the event a success by mentioning you're attending the TiLT Conference (**#tiltconference #mfltwitterati #all4language**) on social media. Also encourage your colleagues to register for the event on Eventbrite

[HTTPS://TINYURL.COM/TILT22](https://tinyurl.com/tilt22)

Further information

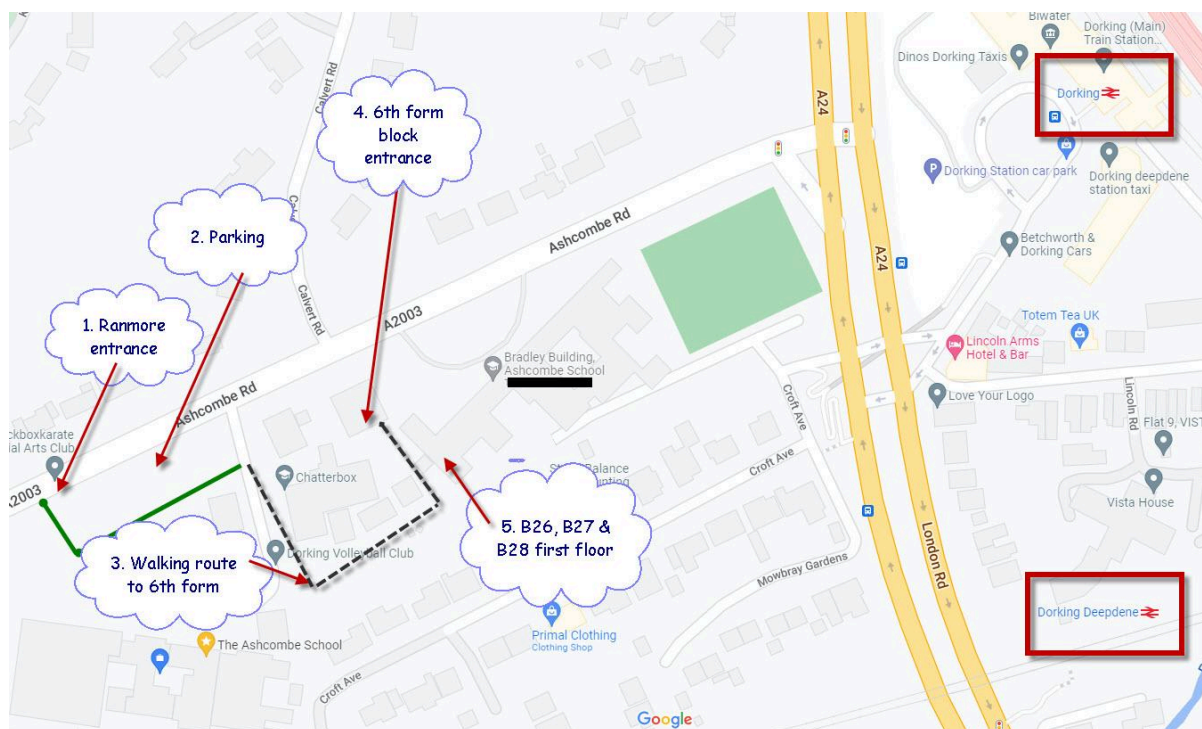

BRING YOUR OWN DEVICE

To help make sessions more interactive, we encourage you to bring a tablet or laptop. It will allow you to take notes, try out resources as they are being shown by speakers, and share your thoughts and ideas on social media. Wi-Fi will be available and you will be given a personal login at registration.

THE VENUE

The event is taking place at the **Ashcombe School** (Bradley Building, Ashcombe Road, Dorking, Surrey, RH4 1LY). If coming by train (a 50 minute journey from London Waterloo or Victoria), the school is only a 3-minute walk from the station).

If travelling by car, please access the school via the '**Main Ranmore Entrance**', Ashcombe Road (2nd school building on the left as you go up Ashcombe Road from the station end) and park in the parking area. Then walk back towards the 1st school building - and find the 6th form block on your left. We will try to leave helpful signs! See Map below:

If travelling from further away, the school is 25 minutes away from Gatwick airport (direct train route).

ACCOMMODATION

There is a variety of accommodation available nearby, for example the Travelodge, the Mercure White Horse and the Lincoln Arms which is across the road from the school. There are links to accommodation on the Dorking Tourist site. Groups may find it cheaper to book with Airbnb or House Trip. As the school is immediately opposite Dorking main station and Dorking Deepdene, it would be easy to commute from stations on the same line - e.g. Leatherhead, Reigate, Redhill, Guildford.

SPEAKERS + SESSIONS

Here are confirmed speakers and sessions.

	<i>Joe Dale: 'Tips and Tricks'[Opening plenary]</i> The founder of our annual conference will kick-start the day with his top tips for all!
	<i>Joe Dale: Promoting an inclusive approach with tips on accessibility using technology.</i> In this webinar, Joe Dale will explore a range of tools which help all learners to access their learning e.g. Naturalreader, Immersive Reader, Helperbird, Word online + Immersive Reader and a range of tools which allow for closed captioning for videos.
	<i>Joe Dale: Practical classroom podcasting using Anchor</i> Bring your own device preloaded with the Anchor app or use the webtool. A Demonstration on how to create a podcast where delegates will have an opportunity to share their voices in an episode. By the end of the session you will have a step-by-step guide on how to do this with your own class.
	<i>Marie Alliot: App smashing and extensions for Genially</i> Marie will show a range of apps which can be embedded in Genially (Artstep, Canva, Tweets, Facebook posts) and mention other content which can be embedded on Genially such as Youtube, Learning Apps, Wordwall, Quizlet, Flippity, Wheel of Names and Blooket. Marie will also show some Sandbox Education extensions for Genially (Jackpot and Breakout) and some S'cape extensions (such as DND and Felbonchoi) to create interactive games. Create a free Genially account prior to the session as Marie will go through a step by step demo of one of the S'cape extensions for you to create an activity.
	<i>David Binns, CEO Sanako:</i> <i>An introduction to 'Sanako Connect' and an opportunity to try it out!</i>

	Julia Morris: A crime story for beginners A look at a crime story that runs alongside the textbook (school topic), using the new vocab in a more exciting way - with some puzzle ideas and planning steps.
	Adeline Moston: Quick ideas for retrieval practice, revision or homework activities using Genial.ly, Learningapps and Flippity How to customise Genial.ly templates with, for example, a Wheel of Names, to create oral/revision games. Demo of a one page Escape Room with Genial.ly and Learningapps. Ways to use Flippity integrated into OneNote for homework.
	Esmeralda Salgado 1. Creative and simple ways to develop oral skills via digital tools (spinning wheel, Flippity, Quizziz, Flipgrid) 2. Google Earth projects for creative reading leading to oral activities, Flipgrid, appsmashing with Google Earth and other apps, such as Flippity.
	Jérôme Noguès 1. Use Screenpal (Chrome extension) to help productivity and develop pupils' speaking skills; 2. Use Microsoft Teams Reading Progress to help with pronunciation and fluency 3. Use Canva Edu to develop creativity skills: demo of 2 projects.

Thank you for joining us today!
