

Warm Outreach Template:

(Prospects are my personal contacts who are or know business owners. The strategy is to either get personal recommendations or work directly with my contact who wants to take me up on the offer themselves.)

Personalized Greetings/Saludos: (Example: Hey Kam, it's been some time. How is everyone doing? Are you still on your tour through West Asia?....
Nice! I'll be sure to tell my brothers, they miss hanging out with your little guys.)

Personalized "Can you do me a favor?", (Example: So, I started this project and I thought that you might know somebody who fits what we're looking for. Lemme know what you think...)

My team and I specialize in Email and Social media marketing as well as Website and Ad designing.

We are targeting businesses that generate a percentile of sales through social media and/or have a percentile of sales through email campaigns.

Because my team is relatively new, we want to give our next few clients an opportunity to utilize our services and experience a speedy and definite increase of double, triple or 10x in what they currently generate in sales with 0% risk to them.

Until the end of November, we will be offering our services for 100% free until we reach the agreed desired results of our clients.

So, do you know any business owners whom you can recommend our services to?
