

Our LinkTree is designed to make access to useful resources regarding the ongoing issues worldwide much easier for people. It is divided into different links that serve as folders in the form of documents that contain a list of much more links to beneficial resources depending on what folder they fall under; each folder covers for a specific issue/ contain specific types of resources, including:

- *#BLM*
 - *News Articles*
 - *Petitions*
 - *Donation Links*
 - *Other Resources (in the form of books, music, movies, documentaries, etc)*
 - *Links to Support Black Businesses*
- *PAPUA*
 - *News Articles*
 - *Petitions*
 - *Donation Links*
 - *Other Resources (in the form of books, music, movies, documentaries, etc)*
- *PALESTINE*

NOTE: All resources for this issue will be combined under one document until we find enough resources to create separate links.
- *YEMEN*

NOTE: All resources for this issue will be combined under one document until we find enough resources to create separate links.
- *LGBTQ+ COMMUNITY*

NOTE: All resources for this issue will be combined under one document until we find enough resources to create separate links.
- *LEBANON EXPLOSION*

NOTE: All resources for this issue will be combined under one document until we find enough resources to create separate links.

The documents within the LinkTree are actively being updated. If any new resources/ materials are found that could come in handy with the current situation, we will immediately add them into the list(s).

Here are a few useful, reliable links that talk about the current issues going on in Papua, as well as issues that the people of Papua have dealt with in the past that fail to receive media exposure (we need to give attention to this problem right now!). Do not limit yourselves to these resources; branch out more, keep yourself enlightened and updated with what's going on!!
