Directions: Make a copy of this and share it with me. Title it "your name and The Dip: Part 3."
Read pages 57-76. Annotate your text (highlight and write in it) for each topic listed below.

- Why is it so important to get to #1?
- What is 'strategic' quitting?
- What is so bad about coping?
- What are the three questions to ask yourself before quitting, and why are they vital?
- How do you, right now, have the power to enact change?

Then in a short 1-2 page essay, explain, using at least one specific example from your life, how you would apply this.
