I can prove with 100% certainty that Cindy's team passed this flier around. I am so sick of her abhorrent lying behavior, blaming myself and my wife for this nonsense? Are you kidding me?

She is Blakespear's twin sister. I know EXACTLY where that flier came from and so does LYING CINDY.

Get out of this race Cindy like you agreed to. I expected to deal with Blakespear trash, not any phony or fakes on my side. You've been a dishonest person from day 1 and you already lost.

(The "agreement" he refers to incessantly never existed.)

Tell everybody once again that you don't know who passed this flier? I dare you.

Your TEAM passed that out and you blamed MY WIFE.

([Someone involved with Poinsettia Park HOA and not with Cremona's campaign] wrote and distributed the flyer.)

I decided to run for office to get rid of people like you, not to put in another Blakespear. You don't have a drop of integrity, morals, or ethics, and that will come back and bite your dirty ass.

Subject: [Nc3] RE: The infamous flyer

I just spoke with the person in my neighborhood who passed out the "hooligan" flyers. Cindy sent a mass email blaming Kim and myself for passing out these flyers, knowing all along that we did NOT send them out.

(Cindy sent an email explaining that the email did not come from her, her supporters, Clark St. org CDAG, or North County Advocates. She did not blame the Morris.)

This is the type of person Cindy is, a Blakespear clone. I had no idea that she was this dishonest and lacked morals and ethics. Let's just keep Blakespear then. This would also explain her support for Joy Lyndes. I could easily see Cindy getting into office, getting a whiff of that developer money, and chasing Blakespear like she's a rockstar. She's not trustworthy and doesn't care about Encinitas. Do you want to "Save Cindy's Street" or "Save All Of Encinitas?" Cindy already negotiated with the developer to "NOT" develop her street? WTF? What about the rest of the town?

(Cindy does not support Joy. Cindy did not "negotiate" anything with the developer. Jeff should watch the Planning Commission replay to get the facts.)

Cindy knows NOTHING about the #1 problem in Encinitas, the improper "pay for play" relationship with the Council and nonprofits. This is the ROOT CAUSE of all of Encinitas problems, overdevelopment is a

symptom. She went on a "Ride Along" with the Sheriff's? How cute. I went into needle infested homeless encampments, hotels, over and over for almost 3 years.

Cindy has NO POWER to take down Blakespear's Cabal because she didn't research it 3 years like I did. Pretty soon you'll see Cindy in a golf cart driving around Leichtag with Charlene and Jim, just like Joy.

I have all of the evidence to prove this relationship, prove that 501(c)3's are breaking IRS rules, proof of Captain Tafts fluffing the numbers, proof the Regional Task Force was in on the scam, Lesar Developments, Leichtag, JFS, CRC, 211.org. They run our town, not us.

I will be having a big meeting presenting my findings to the community so you will all know with 100% certainty that we can "prove" this relationship so it can be dissolved. Cindy has no plan for this because she doesn't care. She only cares about her street.

Cindy knew that Kim & I did NOT pass out those fliers, but she lied anyways. Cindy Blakespear. I loathe liars.

We have ONE SHOT Encinitas because the nonprofits have their tentacles tightly wrapped around Encinitas and they are getting millions in homeless grants to fight against you, the residents. Cindy doesn't know anything about this and doesn't care. She should care though because these special interests are paving the way for all of the overdevelopment. They are Blakespear's army who control our town.
