BS171 Help Room Schedule (S1 - S23 ONLY)	5
BS172 Help Schedule	6
BS192H Office Hours FS23	8

[BS161 Help Room and Review Session Description](#)

The goal of the help room is to help you form lasting mental models of key biological processes that will help you succeed on exams and in future courses for which BioSci Courses are a prerequisite. You are encouraged to attend the help room each week, not just the week before an exam. The help room provides you with a variety of resources including tutoring on course material, a place to study with immediate answers to your questions, and study tips. **Please come any time the help room is open according to the schedule below.**

Review sessions are held every week during the semester according to the schedule below. You are encouraged to attend every week, not just right before an exam. You do not need an appointment to come to a review session, although you are encouraged to bring specific questions. All students are welcome to attend any review session.

Sessions occur in-person (STEM) or using the [Help Room Zoom](#) as indicated. [Review Sessions](#) may be on Zoom or in-person as indicated. Please see D2L for the in-person help room and Zoom session information! **Find the zoom link and password at the very bottom of our main D2L course page.**

Day & Time	Monday	Tuesday	Wednesday	Thursday	Friday
8:30–9:30 am
