

Look at the following essay questions. Write an appropriate **thesis statement** for each. Remember that your thesis should directly respond to the question and make sure to include the topic, your position (big idea about the topic), and the main ideas that will develop to support your position in the body paragraphs:

1. Some people believe that children should be required to help with household tasks as soon as they are able to do so. Write a five paragraph essay agreeing or disagreeing with this statement.

Thesis statement:

2. Explain how reading books is beneficial to school-age children.

Thesis statement:

3. What are the differences between going to university in your home country and going to university abroad?

Thesis statement:

4. What are the effects of increasing stress in society?
