

How to Become a CoLab Member

Ready to join the CoLab community? Here's how to get started:

Complete steps 1-4. Once completed, all information can be submitted to the team for review through the [New Member Intake Form](#) which is found in step 5.

Step 1: Sign Up for a Membership Subscription

Head to our website and select the membership tier that works for you.

If you already have a recurring subscription through another Queerlective program (i.e. you're already a monthly donor through our quarterly sticker program), you're all set and you do **not** need to create a second subscription.

Step 2: Review the CoLab Membership Guide

Take a few minutes to read through this guide so you understand your membership benefits, responsibilities, and ways to get involved.

Step 3: Complete the Retail Agreement

All members selling work through our in-person or online retail space must complete and sign the **Retail Agreement**.

This helps us stay organized and ensures everyone is on the same page.

Step 4: Create Your Artist Banner (Artists Only)

If you're an artist and want to be featured on our website, you'll need to create a banner for your artist profile using our layout guide.

We'll provide a template and example. Don't worry, it's simple and we're happy to help!

Step 5: Fill Out the New Member Intake Form

This is where you'll send us all of the stuff you completed from steps 1-4! This form helps us gather your info, your creative focus, and any support you might need. It also includes space to upload your artist materials (like your banner and profile info) if applicable.

Once all steps are complete, we'll reach out to confirm your membership and get you plugged into the CoLab community.
