| All Grades  | End of the Second Week of<br>the Semester | Final Day for ALL Schedule Changes   |  |

- Students in grades 9-10 will not be permitted to switch \*ELECTIVE classes once the school year has started. They must make a schedule change within the identified windows in the chart above.
  - Graduation requirements in English, Math, Science, Social Studies and World Language are considered core academic classes. If you are doubling up or continuing beyond the credit needed for graduation in core academic classes, that additional course is an elective.
- No enrollment into an AP course will be permitted after the <u>second week of school</u>.
- Holes in student schedules or incorrect courses (ex: should be in Honors Algebra 2A but are enrolled in 2YR Algebra 2A) will be resolved **on the first day of school**.

\*Rare elective changes will only be made to ensure graduation requirements are met, or there is a change in instructional level.
