Settings/Facilities

While there is no *good* artwork for the facilities, in the meantime, visit our **[RRR inspiration board](#)** to get a good feel for what RRR can look like!

Locations:

Lovers Lane Arena **Sand** : Nestled in the heart of Rustic Ridge Ranch, the Lovers Lane Arena stands as a testament to the ranch's commitment to equine excellence and rider camaraderie. This sand-filled covered arena is a sanctuary for both horse and rider, providing a serene and controlled environment for training, competition, and leisurely rides. The roof overhead ensures that the elements never interrupt the joy of riding, while the carefully maintained sand footing offers a safe and forgiving surface for the horses' delicate steps.

Adjacent to the arena, a cozy guest break room offers a warm, inviting space for riders and guests to relax and socialize. With comfortable seating and refreshments always on hand, it's a perfect spot for sharing stories of triumphs and trials or for simply enjoying a quiet moment away from the hustle of ranch life. Above this break room, a judges' booth perched like a watchful guardian, offers an unparalleled view of the arena below. From this vantage point, judges can oversee events with a keen eye, ensuring fairness and precision in every competition held within the arena's embrace.

Heartbreakers Avenue Arena **Sand** : In stark contrast to its sheltered counterpart, the Heartbreakers Avenue Arena is a celebration of the rugged and untamed spirit of the west. This sand-filled, uncovered arena is where riders and their mounts come to test their mettle under the open sky, embraced by the vastness of the landscape and the challenges it presents. The absence of a cover means that the sun's warmth and the whisper of the wind are ever-present companions to the day's endeavors.

Dominating the arena's edge, a tall judges' booth rises on stilts, offering an eagle's eye view of the action below. This lofty perch is not just a functional space for overseeing events; it's a symbol of the ranch's commitment to integrity and excellence in all its pursuits. The judges who take their place in this booth are tasked with the solemn duty of ensuring that every competition reflects the heart and soul of equestrianism.

Candy Heart Trails **Dirt** **Grass** : Beyond the arenas, the Candy Heart Trails offer an escape into the wild heart of Rustic Ridge Ranch. This network of trails weaves

through a diverse landscape of wooded areas and open plains, providing an ever-changing backdrop for adventure. The mix of grass and dirt paths, lined with majestic pine trees, invites exploration and discovery, whether on horseback or on foot.

The trails are alive with flora and fauna, making every journey a new opportunity to connect with the natural world. Obstacles along the way offer challenges to riders seeking to hone their skills, while open areas allow for moments of exhilarating speed or peaceful reflection. Livestock grazing in the fields add to the bucolic charm of the trails, reminding visitors of the ranch's thriving heart. Candy Heart Trails is not just a path through the landscape; it's a journey into the soul of Rustic Ridge Ranch, offering beauty, challenge, and tranquility to all who traverse its length.
