

Stipend: INR 5000 per month + Incentives

Working Hours: 6 hours (flexible working hours are allowed)

Working Days: Monday to Saturday (No Leaves will be considered during the Internship)

Daily target: 1 Approved Article

Duration: 2-3 months

It will start with an internship. If students want to discontinue after the internship, it's their choice but if they want to work full-time with us after that, we will evaluate their performance and provide them the full-time opportunity with a fixed salary per month.

This is a complete work-from-home internship.

If students complete the internship and the quality of work is good, we will give students a full-time opportunity with a salary of 12k-18k per month.

We can shift students on multiple ongoing projects according to their subject preferences.

Roles and Responsibilities:-

Maintain team dynamics and meet daily targets.

Following guidelines and maintaining quality standards.

Creating non-plagiarised academic content.

Writing and reviewing articles.

Timely completion of assigned work and providing updates to the reporting manager.
