

Rules of commission work:

1. You must be **over 18 years old**. You must tell me in a separate personal message that you are already 18 years old or older, also specifying your nickname in the message (for example: "My nickname is VIVANS, I am over 18 years old").

2. I have the right to refuse an offered job if it goes beyond my bounds of decency. The work can be adjusted to these limits of decency.

3. The work is **paid before** the start of work and in full.

4. No refunds, only if I myself will not be able to do the work due to the difficult circumstances that have arisen.

5. Payment is made via PayPal. You must also be a subscriber to Patreon of the "Pro S+" level for \$9. If you can't subscribe to Patreon, then another \$9 is added to the payment for the work.

6. Prohibited: Gore, Futa, Vore, Scat, Watersports, Farts, Racism, Violence, Blood and along with plenty of others! Some topics are fine under a certain criterion. Please DM me on Twitter/Patreon if you have any questions.

7. I work with a wide variety of models, so describe in detail what you would like to see in the work and who specifically. If this is someone I don't have, I will be forced to give up this job.

8. I do not set a specific deadline, but I will start work immediately after payment. But something can always happen that will slow down the work (we are all people, not robots). If the work is simple, then I will finish it in a day. If it is harder, then, on average, 2-4 days. I will warn you if the work is delayed.

9. The resolution of the images is of your choice, but in reasonable measures. According to the standard, I create images with a resolution of

2880 – 5120 px. and 5120 – 2880 px. All works will be *marked with a small watermark*, only for advertising. It will hardly be noticeable, don't worry

Exclusivity of materials:

You can mention in the order that you want a special job that only you will see at the end of the work and will be sent only to you, but with small features.

- Availability only for Patreon subscribers: one of the types of exclusive works is that your ordered works are exclusively sent to you in messages with a link, and additional modified work, which may include the camera angle, the appearance of characters, light and other small things, is posted with a delay in Patreon for subscribers of the second and third level.

- Public advertising work: one of the types of exclusive work is that your ordered works are exclusively sent to you in messages with a link, and an additional heavily modified work, which will undergo a reduction in image quality and the addition of a large watermark, and will also contain only part of the exclusive work, will be posted with a strong delay on Twitter.

To put it simply, it will be like an advertising post, that a custom work has been carried out and here is a partial result.

Payment:

- One character, with a simple pose, on a simple background and in a simple environment in basic clothes, or in the nude costs = **\$ 20**.

- Additionally, a special pose will add **+\$5** to the cost.

- Special clothing, costume, complex external features will add **+\$10**. There are exceptions, discuss it with me.

- Additional characters in the scene nearby will add **+10\$**.

Similarly, the rules apply to additional characters (who are nearby).

- Additional viewing angles and other minor modifications add **+3 \$** (for each duplicate).

- Discounts will be available to regular customers.

If you do not use the exclusivity of the works described above, then your custom work will be posted, with a delay, on Patreon. And after that, at my discretion, it will be posted on Twitter, marked "Custom work" (in reduced quality and with a watermark).
