

Unified School District of De Pere Course Overview

Course Name: Theatre Production and Theatre Production II

Link to Standards Booklet: [WI Standards for Theatre](#)

Table of Contents:

Unit 1: Elements of Theatre	1
Unit 2: Stagecraft	1
Unit 3: Props, Costumes, and Makeup	2
Unit 4: Tech and Set Design	2
Unit 5: Choice Project	3

Unit 1: Elements of Theatre

Important Concepts/Skills	Standards Addressed (Essential Standards are in bold.)	Page Number (in Standards booklet)
Script Analysis - students will read a script and analyze it for a variety of theatrical elements.	TD.Cr.14.h	16
Artifacts - students will compile a portfolio of artifacts and examples that could be used in a theatrical production.	TD.Cr.13.h	16
Examples in a Show - students will analyze a video recorded theatre performance and identify examples of theatrical elements.	TD.R.10.h	19

Unit 2: Stagecraft

Important Concepts/Skills	Standards Addressed (Essential Standards are in bold.)	Page Number (in Standards booklet)
Collaboration - students will work in crews to produce a variety of props and set pieces for a school production.	TD.Cr.16.h	16
Organization - students will follow a set design and plan to execute a series of projects for a school production.	TD.Cr.13.h	17
Tools and Technology - students will safely use tools and technology to execute their projects.	TD.P.17.h	17

Unit 3: Props, Costumes, and Makeup

Important Concepts/Skills	Standards Addressed (Essential Standards are in bold.)	Page Number (in Standards booklet)
Script Analysis - students will read a script and analyze it for a variety of theatrical elements.	TD.Cr.14.h	16
Portfolio - students will create a portfolio of artifacts for a theoretical production, and make design choices for that production.	TD.P.18.h TD.Cr.13.h	17 16
Research - students will do research in order to find accurate and relevant artifacts for their portfolio.	TD.Cn.14.h	20
Tools and Technology - students will utilize tools and technology specific to the discipline to create appropriate designs and prototypes.	TD.P.17.h	17

Unit 4: Tech and Set Design

Important Concepts/Skills	Standards Addressed (Essential Standards are in bold.)	Page Number (in Standards booklet)
Script Analysis - students will read a script and analyze it for a variety of theatrical elements.	TD.Cr.14.h	16
Portfolio - students will create a portfolio of artifacts for a theoretical production, and make design choices for that production.	TD.P.18.h TD.Cr.13.h	17 16
Set design - students will create a precise and organized set design model using techniques learned in class.	TD.P.18.h	17
Tools and Technology - students will utilize tools and technology specific to the discipline to create appropriate designs and prototypes.	TD.P.17.h	17

Unit 5: Choice Project

Important Concepts/Skills	Standards Addressed (Essential Standards are in bold.)	Page Number (in Standards booklet)
Script Analysis - students will read a script and analyze it for a variety of theatrical elements.	TD.Cr.14.h	16
Portfolio - students will create a portfolio of artifacts for a theoretical production, and make design choices for that production.	TD.P.18.h TD.Cr.13.h	17 16
Research - students will do research in order to find accurate and relevant artifacts for their portfolio.	TD.Cn.14.h	20
Documentation - students will create precise and organized designs using techniques learned in class, and document their designs in the portfolio.	TD.P.18.h	17

Tools and Technology - students will utilize tools and technology specific to the discipline to create appropriate designs and prototypes.	TD.P.17.h	17
