5 Essentials Impact Survey

Each year the state of Illinois elicits feedback from staff, parents, and students in 3rd-5th grades on the quality of our school. This survey is called the 5Essentials survey. Students in 3rd-5th grades will be taking the survey in their classrooms beginning February 11. More information will be forthcoming from classroom teachers.

The window for the parent component is now open and can be accessed through this link.
Please take a few minutes between today and the end of next month to give your input on Roslyn Road. This is an important metric in our state school report card and your feedback is important to us.
The survey closes March 29.
