Sentinel Gauntlet:

It's that time again to bring forward the GAUNTLET! With new and exciting bosses for people to tackle in the form of Uber bosses this is sure to be an extremely interesting event. We have also included SCALING modifiers for difficulty. The gauntlet modifiers will ramp the higher level monster area you are in. Please check below for more information! This was done to curb difficulty in the beginning so players have a bit of an easier time getting to maps compared to the last gauntlet.

How To Join:

Just like last time you can join Gauntlet via the in game client. Gauntlet will appear below your character select screen and you can click join. Just like Battle Royale or the last gauntlet!

Prize Pool Crowdfunding:

To help fund the Prize Pool we will be using Paypal. Anyone can donate to the Prize Pool: [Here](#)

SHOPIFY will be matching ALL Donations to the Prize Pool. Up to \$25000.

We will also be doing Fundraiser events on Twitch channels via streamers and community members! Streamers will do events on their channel to help fundraise for the event and create bounties! You can see details below.

Fundraiser Events:

The following streamers have committed to doing a fundraiser stream and more information will follow soon! Fundraiser streams will be used with an interesting twist! Streamers and their communities will come up with a **BOUNTY** in which they define a custom goal to reward with the money they have raised! Bounties are explained in full below! (Some restrictions apply)

If your name is not included here but you would like to also run a fundraiser event please contact Viyro!

Total Boss Specific Points: 131 Points

Note: You do not need to kill both the regular version and uber version. If you kill the uber version of the boss you will get points for BOTH.

Exception: Elder / Uber Elder / Uber Uber Elder. Uber Uber Elder will give credit for Uber Elder and Uber Uber Elder. Regular elder needs to be done separately (different fragments).

Per Character Rule

All of your points will be tied **PER CHARACTER**. You do not lose points on death but if you die that character can no longer gain points. Your highest point character **PER CLASS** will be your final placement. You may place multiple times, but only once per class.

In order for your boss' kills to count you must do **EVERY SINGLE POINT** of damage on your **ONE CHARACTER** to that boss. The character that does every single point of damage will receive points for the kill.

Tie Breaker:

The first player to reach a point plateau will be awarded the tie break.

Example: Player A has 123 points and they reached 123 points first. Player B has 123 points and they reached 123 points second. Player A would win the tie break.

Kill Submission:

You will be required to submit proof of your boss' kills via the Path of Exile Community Racing Discord to receive points. **Join Discord:** [Here](#)

Please follow instructions on Kill Submission within this Discord. More details will be available there. Please visit the #roles-and-auth section first and label yourself a Racer or Spectator.

Points for **BOSS KILLS** will be given at reviewers discretion.

You must **INTERACT** with the **BOSS** you are killing to receive **BOSS KILL POINTS**. You may not off screen a boss while it stands there and does nothing, and receive points. Since we require Video Proof we can police this. An example of something that will be not accepted for points can be viewed: [Here](#)

Boss Mechanic Skip Rule:

For your boss' submission to count you cannot SKIP a bosses mechanic at Admin Discrecion.

THINGS THAT ARE NOT ALLOWED:

Example #1: [Eater of Worlds - Log out to skip Inescapable Doom](#)

Note: The issue here is logging out as soon as Inescapable Doooms voice line plays. This skips the phase. If you log out DURING the phase Eater will recast the ability when you re-enter the fight.

Example #2: Exarch Seismic Cry -> Skip Mechanic [\[1\]](#) [\[2\]](#)

THINGS THAT ARE ALLOWED:

Example #1: [Sirus Last Phase - Walk away from boss fight](#)

If you are unsure if something will break the rules to receive points ASK BEFORE ATTEMPTING YOUR BOSS! Viyro#8073 is the Admin you need to contact in Discord. Alternatively you can send an email to zizarangaming@gmail.com

Please keep in mind, you must do **EVERY SINGLE POINT** of damage on the character you want to receive points on.

Boss Kills must be submitted within **24 hours**. If you submit a boss kill more than **24 hours** after you kill it, then it will count as you having killed it a day later. This is for Tie Breaker purposes.

ALL Boss kills must be submitted no longer than **3 hours** of the Event Ending to provide Final Standings as soon as possible.

Note: Your video must be LEGIBLE. For example: I need to be able to read Monster Level 83 for the Mastermind Points.

Kill Submission Must Include:

- A Youtube or Twitch Link to the kill of the boss you are submitting points for
- Show the league you are currently in (Push Tab to show Map)
- Character sheet of the character the kill will be counted on (C by Default)
- In game time clock
- Exarch and Eater of worlds CANNOT be the quest version!

Bounties :

Bounties will be portions of the prize pool used for extra prizes. (Example: \$X for first Cotex kill). You may be asked to make your profile public depending on the bounty.

All Bounties must be claimed and submitted in the [Racing Discord](#) Channel #bounty-submissions. Specific rules for each will be included there.

Streamers will run a fundraiser stream for the prize pool total. An amount decided upon will be used as a bounty. Feel free to have your communities input here on the bounty. (**Note:** It needs to be trackable / there are some restrictions. See Viyro)

If a bounty is not met throughout the Gauntlet the money will go towards the overall prize pool.

Note: Your video must be LEGIBLE. For example: I need to be able to read Monster Level 83 for the Mastermind Points.

Rules for Submission: All Submissions are for THIS EVENT Only and must be submitted in the #bounty-submissions channel in the [RACING DISCORD](#).

- A Youtube or Twitch Link showing the goal of the bounty you are submitting for.
- ALL BOUNTIES REQUIRE VIDEOS**
- **Item Bounty Specific Rules:**
 - Along with a video, you must be able to screenshare with an approved League Moderator in Discord. This league moderator will ask you to do a few things during this screenshare and schedule a time to do this. (Ideally directly after your submission). Including but **not limited to**, logging in to your character in the league and showing proof of item, moving said item around, linking it in game live with that league moderator. Please make

sure this is an **APPROVED League Moderator** and has the role: League Moderator in the RACING DISCORD ONLY.

- NOTE: NO ONE WILL EVER ASK FOR ANY PERSONAL INFORMATION, ACCOUNT INFORMATION OR OTHERWISE. A LEAGUE MODERATOR WILL ONLY ASK YOU TO LOG IN TO POE AND SHOW SAID ITEM IN A VARIETY OF WAYS.
