Introduction	Stage presence is important! In a few simple sentences, introduce yourself and your presentation objectives. Good morning. I'm Nicolette Dalan. I will be going over the process to creating a digital animation. This will include storyboarding, sketching, in-betweens, coloring, editing, syncing, etc.	2 min	Three Important Sources 1. AIM- talks about the different parts to creating an animation goes into detail for each. 2. Disney- Here they list the process Disney's studio uses with there animations. 3. Blue Sky: The Art of Computer Animation- this gives the process, in good detail, Blue Sky Studio uses to create an animation, specifically Ice Age.
Verification (Steps to check for student understanding)	<ul style="list-style-type: none"> Beginning of Presentation: I will ask the class what they think the steps are to creating an animation. End: Check for understanding by... asking the class about the actual process taken as well as what animators do for each part of the process. 	2min	

Body (Give and/or demonstrate necessary information)	Break down what you plan on talking about into manageable sections. <ul style="list-style-type: none"> <i>Literal:</i> I will be mentioning the whole process to creating an animation as well as talking about each part a little. <i>Interpretive:</i> I will talk about how 	<ul style="list-style-type: none"> Literal: 4 min Interp: 2 min Applied: 2 min 	Visuals Powerpoint for different parts to the process. Each slide will cover a different part to the process.
