**Umer Group (Pvt) Ltd. (Oracle Apps Developer) Nov 2023 - Jul 2025**

**Challenge Apparel (Pvt) Ltd. (Oracle Apps Developer) Jul 2022 - Nov 2023**

**Progressive Management Systems (Oracle Apps Developer) Nov 2020 - Jul 2022**

## Work History:

**Allianz Malaysia Berhad**

**Jul 2025 - Present - Kuala Lumpur, Malaysia**

Specializing in custom Oracle applications for insurance operations. Proficient in Forms/Reports, BI Publisher, and SQL optimization. Delivered efficient solutions, faster reporting, and accurate data migrations while collaborating with business teams.

- Built and enhanced custom Oracle Forms/Reports, streamlining workflows.
- Optimized PL/SQL code, cutting runtimes by 30%.
- Executed zero-loss data migrations for critical systems.

**Umer Group (Pvt) Ltd.,**

**Nov 2023 - Jul 2025 - Lahore, Pakistan**

- Built forms for Department Operations, Piece Rate Activities, EOBI Enrollment, and Employee Final Settlements.
- Integrated attendance via ETL from SQL Server; used PL/SQL for wage calculations and BI Publisher for reporting.
- Reduced payroll processing time by 60% and improved wage accuracy.

- Worked on Oracle EBS R12 Discrete Manufacturing; performed Forms Personalization and Oracle analytics reporting.

### **Challenge Apparel (Pvt) Ltd**

**Jul 2022 - Nov 2023 - Lahore, Pakistan**

- Developed custom Oracle Forms/Reports for P2P and O2C flows using Oracle 19c.
- Maintained BI Publisher reports and applied personalization techniques in Oracle EBS R12.2.9.

### **Progressive Management Systems**

**Nov 2020 - Jul 2022 - Gujranwala, Pakistan**

Created normalized schemas, PL/SQL packages, procedures, and views.

- Developed Oracle Forms/Reports for School, Hospital, POS, and Accounting modules.
- Automated DB backups using .dmp export utilities.

## **Projects:**

- **Point of Sale System – Dar Emporium & Mazhar Paint:** Built custom Oracle Forms/Reports modules for sales, invoicing, returns, delivery, and stock management using Oracle DB 10g and Toad.
- **Hospital Management – Murad Trust & Mian Sharif Hospitals:** Developed OPD, ambulance, pharmacy, and billing modules to streamline hospital operations.
- **School Management – Al-Karam & GC Grammar School:** Implemented session, class, exam, and result management with SMS integration and user permissions.
- **National Online Voting System (FYP):** Created a secure, fingerprint-authenticated e-voting system with Visual Studio Code, Postman, and API testing, ensuring real-time confirmation and fairness.

## **Education:**
