

Terms of Service

Please read through this information, if you order from me, I take it granted that you already read and accepted my ToS. If the commissioner or the artist violates this ToS, it's possible that the commission gets canceled.

Payment:

I always accept the full payment **after the sketch is completed and accepted** by the customer. 50-50% payment is not possible. Payment before starting the commission, or finishing the commissioned art is not possible.

Payment is via **Revolut** or **Paypal** or **cash**. Revolut is preferred.

Communication:

Communication goes through **Telegram** or **Discord**, **Facebook**. Telegram is preferred.
(My TG is @nayasako)

If the communication fails, or the commissioner is rude to me or makes me uncomfortable, I can always cancel the commission, and pay back a % of work. Depends on what status is the work. Read Refund.

If the commissioner doesn't reply for a week for an update, I have the right to cancel the commission.

Please do communicate in time if you have concrete ideas about the character, background or anything. Small sketches, even photos will do! It will help me to make the drawing more perfect for you! I'm also happy if you're redlining my work if you don't like something.

I'll always mention on my telegram channel, if I'll be out of work for a few days. So it's worth following [HERE](#).

I have the right to refuse the commission without any further explanation

Refund:

I only do full refunds if the commission is before the lineart phase.

I hold right that if the commission gets canceled, I can sell the sketch as YCH.

60% after lineart phase

50% after flat color phase

Not possible after beginning of detailing the character and background.

Changes:

In the sketch phase, changes are free.

After the sketch is accepted, please note that I'll only do free changes, if it is a design or anatomy mistake made by me.

The price of the changes will be negotiated.

Turnaround time:

The turnaround time is around 2-4 weeks after the commission has been paid in full.

For fullbody more detailed art, turnaround time is longer than an icon. A portrait usually takes max. 2 weeks.

Before the payment and sketch phase, I can't promise fast turnaround time, if there are more commissions before the customer.

If there's a strict turnaround time, like it's a birthday gift or it's for an event, please tell me the finishing date when ordering the art and I'll make it before the deadline.

Selling the commissioned art:

You have to ask for rights from me that you can sell graphics of my art for merchandise or stuff like that. Which will come at a price.

Reposts are fine but I should always be credited for the art.

Personal usage is totally fine! Just please give me credit if possible. :3

Thank you for reading,
Kobl
