

Accessing Your Cosmere Content from Brotherwise Games on Demiplane, DriveThruRPG, and Roll20

Q: Where can I access my Cosmere digital content?

Depending on how and where you purchased it, you can access your Cosmere game content across **Demiplane**, **DriveThruRPG**, and **Roll20**.

Q: How do I access my content on Demiplane?

If you purchased the Stormlight Archive game or other Cosmere content through Demiplane, you can access it directly in your **Demiplane Library**:

1. Log into your [Demiplane account](#).
2. Navigate to the Cosmere NEXUS and click Library to view and use your purchased content, including digital books, game rules, and tools.

Q: Can I use my Demiplane content on Roll20?

Demiplane and Roll20 accounts can now be linked! When connected, your eligible Demiplane purchases will automatically unlock the corresponding Roll20 content:

1. Prebuilt VTT adventures and modules
2. Game rules and character sheets
3. Maps, tokens, and assets

This means there's no more need to purchase content twice! You can play directly on Roll20 using your Demiplane purchases.

Q: How do I link my Demiplane and Roll20 accounts?

1. Log into your [Demiplane account](#).
2. Go to **Account Settings > Linked Accounts**.

3. Click **Connect Roll20** and follow the prompts to authorize the connection.

Once connected, your unlocked Roll20 content will appear in your Roll20 Marketplace Items.

You'll only need to link accounts once. After that, all future Demiplane purchases you make that include Roll20 content will unlock for you automatically.

Q: I didn't buy Cosmere content on Demiplane, but on DriveThruRPG or Roll20. Will it still unlock on the other platforms?

Yes, any Cosmere content you purchase on Demiplane, DriveThruRPG, or Roll20 *automatically unlocks any related Cosmere content on the other platforms!*

Q: Can I access the exact same content on all three platforms?

Not exactly. Here's a quick breakdown:

Platform	What You Get
Demiplane	Digital books, searchable rules listings, character tools, adversary (NPC) tools
Roll20	VTT content: maps, tokens, character sheets, adventures
DriveThruRPG	Downloadable PDFs only

Q: I need help with linking accounts or finding my content. Who should I contact?

- For **Demiplane** account or content issues:
<https://support.demiplane.com/hc/en-us/requests/new>

- For **Roll20** access or Marketplace issues:
<https://help.roll20.net/hc/en-us/requests/new>
- For **DriveThruRPG** questions:
