

Privacy Policy

TOV MARAZH LTD offers the mobile application Wall Rush at no cost and provides access to it on an "as available" and "as is" basis. This Privacy Policy explains how information may be gathered, used, stored, managed, and protected when you download, install, access, or otherwise use the application. By accessing or continuing to use Wall Rush, you confirm that you have read, understood, and accepted the terms and practices described in this Privacy Policy.

Any information collected through the application is used exclusively to operate, maintain, improve, and support the Service. We do not sell, lease, exchange, or otherwise distribute personal information to third parties except in the circumstances expressly outlined in this Privacy Policy. Capitalized terms not specifically defined herein shall have the meanings assigned to them in the Terms and Conditions governing the use of Wall Rush.

Information We Collect and Why We Collect It

To ensure proper functionality of the application and provide an enhanced user experience, Wall Rush may request certain personally identifiable information. Any information voluntarily provided by users is stored securely and handled in accordance with the provisions of this Privacy Policy.

The application may also rely on third-party tools, services, or platforms that independently collect and process information. Such third-party services may include, without limitation:

- Google Play Services

Usage Information and Technical Diagnostics

If the application encounters an error, crash, or other technical malfunction, certain information may be collected automatically through integrated analytics, logging, or monitoring systems. This information may include your IP address, device specifications, operating system version, application settings, timestamps of use, and other technical data necessary for diagnostics.

Such information is collected solely for identifying and resolving technical issues, maintaining service stability, monitoring reliability, optimizing performance, and improving the overall functionality of the application.

Cookies and Related Technologies

Wall Rush does not directly use cookies. However, some third-party components integrated into the application may utilize cookies or similar technologies for operational, analytical, or security-related purposes.

Users may manage, restrict, or disable these technologies through the settings of their device or browser. Please be aware that disabling certain technologies may affect specific features and limit the application's functionality.

Third-Party Service Providers

We may engage reputable third-party organizations or individuals to support the operation, maintenance, and improvement of the Service. Such providers may assist with activities including, but not limited to:

- Facilitating application functionality
- Delivering services on our behalf
- Providing technical support or customer assistance
- Analyzing usage trends and monitoring system performance

These providers may receive access to information only to the extent necessary to perform their assigned duties and are contractually or otherwise obligated not to use, disclose, or process such information for unrelated purposes.

Data Security

We implement reasonable administrative, technical, and organizational measures intended to protect personal information from unauthorized access, alteration, disclosure, misuse, destruction, or loss. While we strive to maintain appropriate security standards, no method of electronic storage or data transmission over the internet can be guaranteed to be completely secure, and therefore absolute security cannot be assured.

External Links

The application may include links to websites, platforms, or services operated by third parties. Because we do not control such external resources, we are not responsible for their content, policies, security practices, or handling of information. Users are encouraged to review the privacy policies and terms applicable to any third-party services they choose to access.

Children's Privacy

Wall Rush is not designed for or directed toward children under the age of 13. We do not knowingly collect personal information from children. If we discover that personal information has been submitted by a child, we will take reasonable measures to remove such information promptly. Parents or legal guardians who believe that a child has provided personal information through the application may contact us to request its deletion.

Changes to This Privacy Policy

We reserve the right to modify, revise, update, or replace this Privacy Policy at our discretion. Any changes will be published within this section of the application or related materials. Continued use of the application after revised terms have been posted constitutes acceptance of the updated Privacy Policy. Unless otherwise indicated, all modifications become effective immediately upon publication.

Effective Date: June 16, 2026
