A Short Essay on Why Corsair831 is Great in Bed

Firstly, it should be noticed, that whilst many claim that it is not in fact an important factor, penile length, girth, and general strength, certainly is an important factor in a man's ability to make love/fuck/straddle the saddle. This, is one area in which Great Leader Corsair831 succeeds; without abandon. His schlong is huge, majestic, with a slight, but tasteful (and tasty according to Godnoken's mum and 12 sisters), curve; somewhat resembling a well crafted boomerang, or perhaps a shooting star.

Secondly, and something which should not be easily dismissed, experience. As well as boning the mums of every single member of [3.SA]'s roster (twice), Corsair831 has also watched a lot of porn. A huge variety, in fact; from tasteful nugget porn, to downs syndrome nugget porn, to downs syndrome interracial nugget porn, and beyond. This wide variety of viewing expertise has lent itself in a not unforgiving way, to Corsair831's considerable skill, in bed. He can perform all of the usual moves of course (e.g. boning Corey's mum; but, who hasn't), but at the same time, a variety of other, rather more niche ones. To take some prominent examples, the 'Chicken Nugget Pomperchnickle', the 'Popcorn Chicken', and most famously of course, his signature move, the 'Shakey Jake'.

Neither should his skill with a Semi be passed over too easily; nor the ease with which he bolts. These attributes are of course important in RO2 in and of itself; but the ease and use of these transferable skills is quite apparent. The ability to fully function with merely a Semi (as indicated earlier, mainly possible because of the Great Leader's supreme size and girth), is a tremendous boom in many situations, and the ability to bolt from any dangers present has saved the Great Leader Corsair831 from potential harm at the hands of lovers and other sexual partners, many a time.

To conclude, whilst being at the same time overtly handsome, strong of mind, and wide of sexual girth; not to mention one of the greatest RO2 players in all of the land, Corsair831's now legendary skill in bed (ask any one of Godnoken's 12 sisters), is something of which all [3.SA] players can aspire to; and in our greatest moments of (moral) victory, we shall think of; nay, remiss of, fondly, longingly, and above all, proudly. Long live [3.SA]. And Corsair831's dick.
