

OAK HILLS Community League

Building Community in Carter Crest & Leger

Hello Tennis and Pickleball Fans! We have heard from a lot of you that you want us to support access to courts in our community. Obviously, we don't currently have our own courts, and there are plans in the nearby Terwillegar Rec Centre green space to build outdoor courts. Until such a time, we have a plan to get you access to these sports nearby.

We have worked with nearby [Brookview Community League](#) to arrange for our members to access courts for tennis and pickleball, as well as group lessons. For just \$20/season, Oak Hills members can obtain a Brookview associate membership and can enjoy tennis and pickleball all summer! All you need to do is pick up your associate membership from the TRAC office, details below.

Please adhere to the rules/regulations of the Brookview Tennis club while in use. Information on rules, accessing the court gate code, and on hours of use are [available here](#) once you have your membership. You will be able to use the tennis club like any regular member, including access to group lessons which may have a separate fee. Dates and times for these will be posted on their website.

To get your associate membership, stop by the Terwillegar Riverbend Advisory Council office (TRAC), or contact them to arrange to pick one up. Family memberships also qualify for family access to Brookview with the associate membership. The TRAC office is located in the Terwillegar Rec Centre, TRAC office hours and contact/location information [available here](#).

Now get out there and enjoy the courts,
