

# ADIDAS

The World Cup 2022 is approaching, and the atmosphere of the world's biggest football festival is filling the world. This is also an opportunity for sports brands to launch their latest models. And especially, one of the world's leading sports brands today - Adidas is making the biggest preparations to welcome customers.

It's no wonder that Adidas is always the most talked about the brand when you're shopping for a sports item. As a long-standing brand, perhaps Adidas has accompanied many athletes in many different subjects and especially football. Adidas football boots are an example of that popularity and success. Coming to Qatar this winter, there will be 2 packs of Adidas World Cup 2022 football boots, Al Rihla and Al Hilm, used in 2 different stages: the group stage and the knockout round. This is the company's most important product series this year, it is beautifully

designed and accompanied by countless aggressive promotional activities.

The first collection is the Adidas Al Rihla shoe, which bears the same name as the official match ball. They include 3 familiar models: Predator Edge, X Speed Portal, and Copa Sense. The Copa Sense model is not so beautiful regarding maximum color, a combination of black, green, and banana yellow. The Upper is still made of genuine leather, perhaps only Paulo Dybala represents this line of shoes. The Predator and X models are quite similar, both with colorful colors on a light bluish-white background. We can wait for superstars to come to this pack such as Karim Benzema, Lionel Messi, Paul Pogba, Heung-min Son, Gareth Bale, Thomas Müller, Emile Smith Rowe ... Extremely many bright names.

Of course, the price of a pair of Adidas shoes is not low compared to some users. But with his intense passion, many people will spend a lot of money to be able to own shoes similar to their idols. However, why not try a smarter way to shop?
