

Photos from the Pine Valley Water Canyon Trail - Tuesday, September 17

A group of New Promise Hikers just completed a hike of Water Canyon in the Pine Valley area last Tuesday, September 17. It was a moderate five miles round trip. We had a very pleasant lunch/snack at the Grass Valley Overlook. Great views of Grass Valley and Pine Valley; it was sunny, there was water in the creek and everything was quite green. Just a wonderful hike and a very welcome respite from St. George's "much warmer" temperatures! Click on the following links for photos:
