

The **Brent Flexible Learning Plan** is designed to ensure that education at Brent Baguio remains uninterrupted, even during unexpected school-wide closures caused by typhoons. This plan enables students to stay engaged and make progress in their studies through a flexible, accessible approach that meets the unique demands of weather-related challenges.

Key Components of the Brent Flexible Learning Plan:

- **Google Classroom:** Teachers will post assignments, resources, and instructions on Google Classroom, allowing students to access and complete their work at their own pace when internet connectivity is available.
- **Learning Packets:** For families who may encounter intermittent internet or power issues, prepared learning packets offer an offline alternative to ensure all students can continue their learning. These packets contain essential materials and activities aligned with the curriculum and cover core subjects.
- **Live Online Classes (Synchronous Learning):** When conditions permit, teachers may conduct live online classes to keep students connected and engaged. These sessions, hosted on compatible platforms, provide real-time interaction and support. Participation in live classes may vary based on individual circumstances, and recorded sessions or follow-up resources will be made available when possible. **Google Meet Links for each grade level [here](#).**

Flexibility and Accessibility: We recognize that during typhoon-related closures, circumstances may differ widely among families. The Brent Flexible Learning Plan offers a range of options to accommodate varying levels of access, with safety as the primary priority. Students are encouraged to participate in ways that best fit their family's situation.

Applicability: This plan is activated exclusively for school-wide closures due to weather-related disruptions and does not apply to regular holidays or individual absences due to vacations or sick days.

The **Brent Flexible Learning Plan** embodies our commitment to providing continuity in learning and supporting the resilience of our students, teachers, and families—keeping our community connected, no matter the weather.

To ensure learning continues smoothly, we have a schedule and flexible VIRTUAL LEARNING plan via Google Meet in place for all students from Grade 3 to Grade 12. Teachers will share Google Meet links with parents and students via email or chat.

7:45-7:55	Attendance Check Homeroom	10 minutes
8:00-9:00	Block 1	60 minutes
9:05-10:05	Block 2 (Dismissal of PreK- same time)	60 minutes
10:05-10:25	Recess	20 minutes
10:25-11:25	Block 3	60 minutes
11:30-12:30	Block 4	60 minutes

For PreK to Grade 2

1. For our PreK/Kindergarten to Grade 2 students, while online learning may be new to them and they haven't had orientation in this format yet, rest assured that learning will still continue in a way that supports their needs. The **learning packets** that have been provided will serve as a strong foundation to support and sustain their progress during this time. Thank you for your understanding and continued support for our youngest learners.

For Grade 3 - 5:

2. Short, Interactive Virtual Sessions:
 - Grade 3-5 sessions will last 20-30 minutes. Teachers will guide students through key activities, **keeping screen time minimal**.
 - Teachers will be available for the entire block via the Google Meet link provided to support students, but sessions will be flexible and short to ensure students stay engaged without extended screen time.
3. Hands-on, Offline Learning:

BRENT ROAD, BAGUIO CITY 2600
PHONE +(6374)4422260 · FAX +(6374) 442.3638 · <https://brentbaguio.edu.ph/>

- Learning packets will be provided for offline tasks. If your child cannot join online, they can still continue learning with these materials.

For Grades 6-12:

1. Google Classroom & Virtual Sessions:
 - There will be one-hour blocks from 8 AM to 12:30 PM. Teachers will be available for the entire hour, but students may not need to stay online for the full time—teachers will focus on essential content, discussions, and answering questions.
 - Teachers will share Google Meet links via email or chat for easy access.
2. Flexibility for students:
 - We understand that power and internet issues may arise. Students can complete assignments from Google Classroom at their own pace if they cannot join live sessions. Attendance will be noted/recorded and will not affect the Perfect Attendance awards.

Flexibility for Teachers:

- Just like students, some teachers may face connectivity issues or power outages. If teachers are unable to work from home, they can use their classrooms at school, provided it's safe to travel. Teachers will communicate with students/parents via email or by other possible means if there are any adjustments needed due to these circumstances.
- Faculty directory [here](#).

For All Students and Parents:

- Engagement: We encourage students to join virtual sessions where possible, but we understand that safety and internet access are priorities. Teachers will provide both online and offline materials to ensure learning continues regardless of the situation.
- Proactive Support: Teachers will be available to guide students and answer questions, either through virtual sessions or via Google Classroom.
- Guidance Office: If you need any guidance or support during this time, feel free to reach out to Ms. Almae. While socioemotional learning classes will not be meeting online this week, you can visit our Google Classrooms for a recap of the coping skills we've discussed so far. You can also message her directly at almae.caluya@brentbagoio.edu.ph or schedule an online session via Google Meet by sending her a chat.
