

SHAC minutes 3-11-2025

Location: Elementary Cafeteria and virtual option via Google Meets

Time: 1600

-In attendance:

Brandon Dennard

Teresa Wright

Amber Jackson

Angela Blasingame

Trinity Gardner

Maureen Fletcher

Bethany Floyd

-Virtually:

Zach Fowler

Tori Depriest

Loretta McCloud

Amber Stroud

Theo Nyamasvisva

Kelly Coleman

-Unable to attend due to technical issue (stuck in virtual waiting room unbeknownst to host)

LaTonya Noel-Wilburn

Jacoya Ellis

Teresa Wright shared the following updates with members:

In regards to staff health improvement, offering yoga classes has been a success. Classes have been offered after school on Tuesdays and Thursdays, and we're adding a class that Mrs. Tullos will be offering on middle school campus on Monday and Wednesday afternoons.

We previously discussed slow Epi Pen replacement from Mylan's Epi Pens program, and we have not received replacements for our pens that were expired.

Neffy is a new nasal spray epinephrine and they are now offering a program to have their products available to schools, and Teresa will be looking into this further, in hopes to possibly have this in place for next school year.

Aurora Concepts vaccine clinic will be in our district on April 18th at 0830 to administer vaccines to 6th graders (entering 7th grade this Fall) whose parents complete online consent.

TChat private counseling services are going well on both campuses.

Stop the Bleed will be taught to our 8th grade students on May 1st.

Health office visits r/t illness have decreased, and still seeing occasional strep, flu, and Covid.

The Tooth Fairy will be presenting dental hygiene info to kindergarten students on March 13th at 1220.

The Brandon Goyne's Foundation encourages EKG's to be included as part of athletic physicals to help rule out possible unknown underlying cardiac issues in student athletes, and offers on site EKGs. Nurse Teresa Wright plans to speak more with foundation members to gather more details (cost, and will EKG's reading/report be included in the cost), in hopes this is something we can provide for our students.
