

Privacy Policy for Review It

Effective Date: 15.03.2025

This Privacy Policy describes how ReviewIt (the "Extension") collects, uses, and protects information in connection with your use of the Extension.

1. Information We Collect

ReviewIt primarily collects screenshots of the active browser tab only when you explicitly initiate the screenshot capture functionality. These screenshots are used solely for the purpose of analyzing visual content for review purposes.

We do not collect or store any other personal or sensitive user data. This includes, but is not limited to:

- Browsing history
- Cookies
- Login credentials
- Form data
- IP addresses
- Usernames or email addresses

2. Use of Information

The screenshots captured by ReviewIt are used exclusively for the intended purpose of visual content analysis for review purposes, as described in the Extension's functionality. The screenshots are processed [Describe the processing method, e.g., "locally on your computer," "sent to a secure server for processing and immediately deleted after processing," etc.].

- **Local Processing:** If the screenshot processing is done locally on your computer, the screenshots are not transmitted or stored externally.
- **Server Processing (if applicable):** If the screenshots are sent to a server for processing, we ensure that:
 - The transmission is secured using encryption (e.g., HTTPS).
 - The screenshots are processed and immediately deleted from the server after processing.
 - We do not retain or store the screenshots persistently.
 - We do not share any data with 3rd parties.

3. Data Storage

- **Local Storage:** If screenshots are processed locally, they may be temporarily stored in your computer's memory during processing. These temporary files are deleted after the processing is completed.
- **Server Storage (if applicable):** If screenshots are processed on a server, they are not stored permanently. They are deleted immediately after processing.

4. Data Security

We take reasonable measures to protect the screenshots during processing. If server processing is used, we utilize secure server infrastructure and encryption to minimize the risk of unauthorized access. However, no method of transmission over the Internet or method of electronic storage is 100% secure.

5. Third-Party Services

This Extension does not use any third-party tracking or analytics services that collect user data. If the extension uses 3rd party API's for screenshot processing, those 3rd party's privacy policies also apply.

6. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page. You are advised to review this Privacy Policy periodically for any changes.²

7. Contact Us

If you have any questions about this Privacy Policy, please contact us at:
