

How to load a wave file and play it using ThinkDSP

井民全, Jing, mqjing@gmail.com

Back to the [Main Page](#)

```
from __future__ import print_function, division
%matplotlib inline

import thinkplot
import numpy as np
#import warnings
#warnings.filterwarnings('ignore')
from ipywidgets import interact, interactive, fixed
import ipywidgets as widgets
from IPython.display import display
import matplotlib.pyplot as plt
```

```
import thinkdsp
wave = thinkdsp.read_wave('/home/jing/Normal_Split_S1_8k_0109.wav')
wave.make_audio()
```
