## Comprehensive Needs Assessment

### SY 2023 - 2024 Schoolwide Planning

- Strengths are derived from cognitive student data: the “**what**.” Strengths determine areas of focus – lead to goals and objectives.
- Contributing Factors are derived from specific cognitive student data, and all attitudinal, behavioral, and archival data: the “**why**.” Contributing Factors determine selected strategies – lead to specific implementation activities (the Action Plan).
- The comprehensive needs assessment should present data from sources that include administrators, teachers, students, and parents.

#### Part 1: STRENGTHS

Rank-order the identified **areas of strength** (3-5) from the cognitive data (student performance):

STRENGTHS	DATA SOURCE/INSTRUMENT

(Content or Skill)**

Write to express understanding with the knowledge and the use of language conventions.

Students in grades K-4<sup>th</sup> reading on grade level.

**LADOE Target(s)/Standard(s):**

Both major ELA shifts are supported by grade level standards in grades K-4<sup>th</sup>. These shifts are the academic hub to which the standards ensure students are college and career ready.

- Practice with complex and varied text and its academic language.
- Writing and speaking that's' connected to and support the reading of text.

**SMARTE Goal (Specific, Measurable, Attainable, Realistic, Time-bound, and Equitable):**

By the end of the 2023-2024 school year 80% of students in grades K-4 will score on level or above grade level for literary and informational text as measured on DIBELS, LEAP 2025, and end of year benchmark. / (Students in grades 3<sup>rd</sup> and 4<sup>th</sup> will show increase in proficiency in the area of knowledge and use of conventions as measured by curriculum assessments and LEAP 2025.)

**Benchmark Goals:****BOY Benchmark Goal**

	<p>Students will establish base line data for foundational skills as measured by DIBELS data. Utilize DIBELS and I-Ready data to determine students' areas of strength and weakness. Use classroom data to support students with differentiated instruction. Use I-Ready My Path to support students with increasing skills that will help them meet their typical or stretch growth target. Utilize AR to help students increase reading fluency skills.</p>

What strategies were used?</li> <li>• Who were the key individuals in achieving these gains?</li> <li>• How will you leverage those individuals and strategies for continuous improvement this school year?</li> </ul>	
<p><b>Areas of Progress:</b> Master schedule allows for planning and PLC support. Instructional coaches and specialist are providing support with Tier I curriculum. Learning Beyond the Bell tutoring are focused on targeted students that need support with identified skills. AR reports will be utilized to determine student reading progression as well as biweekly progress monitoring in ELA. Walkthroughs and Bullesye data will be collected and discussed at ILT meetings to ensure that instructional supports are delivered to teachers and those supports are transferred into the classroom.CER strategy will also be implemented to ensure students are writing on grade level.</p>	

**ANALYSIS**

- What is the priority?
- What student learning problem needs to be addressed to attain the goal?
- What is the root cause of this student learning problem? What data supports this hypothesis?
- What is the student impact if you attain this goal?
- What professional learning is needed for administrators, teacher leaders, and teachers?

**School's Priority:** Increase high quality instruction in grades K-4 in ELA to raise student proficiency by 10% in each grade level. Students meeting or exceeding their typical growth target or pushing towards their stretch goal by the end of the 3<sup>rd</sup> Diagnostic. K-2 students will increase DIBELS scores to reading on grade level.

**Student Learning Problem:** Students scored below grade level in literacy, writing, and comprehension.

**Root Cause & Supporting Data:**

Inconsistent in rigor in instructional practices based on the lack of certified teachers, absences as noted by LEAP 2025, DIBELS and Bullesye data.

**Student Impact (Measurable Impact):** 10% increase in mastery and above in ELA.

**Educator Professional Learning Needs:** Tier 3/2 support in learning grade level achievement descriptors, standards, and academic shifts as described by LDOE and Compass Domains. Student ownership of success criteria on written performs task and academic discourse in all content areas.

It also allows students to connect prior knowledge to new ideas and concepts.</li> <li>• <b>Procedural Skill and Fluency</b> is the ability to apply procedures accurately, efficiently, and flexibly. It requires speed and accuracy in calculation while giving students opportunities to practice basic skills. Students' ability to solve more complex application tasks is dependent on procedural skill and fluency.</li> <li>• <b>Application</b> provides a valuable context for learning and the opportunity to solve problems in a relevant and a meaningful way. It is through real-world application that students learn to select an efficient method to find a solution, determine whether the solution(s) makes sense by reasoning, and develop critical thinking skills.</li> </ul>

### SEL Foundation for MTSS Success

Using the CASEL Indicators (Self-Awareness, Self-Management, Social Awareness, Relationship Skills, and Responsible Decision-Making Skills) for Schoolwide SEL, identifying which two areas will be the focus for the school year. For each indicator, create a SMARTIE goal and goal statement. Schools will select one indicator from each focus area outlined below:

**For the 2023- 2024 school year, schools will be asked to select one component from two different focus areas that have been highlighted**

**SEL Instruction:** Schools will select either **SEL integrated into Academics** or **Explicit SEL instruction**. School teams will work with the MTSS department and their principal supervisors to select the category that best fit the needs of their campuses.

**Supportive Environments:** Schools will select either **Supportive Discipline** or **Supportive School and Classroom Climates**.

**Smartie: Specific, Measurable, Attainable, Realistic, Time-Bound, Inclusive, Equitable**
