

\$LUCK Whitepaper

The Luckiest Meme Project on Solana

(Version 1.0)

1. Introduction

\$LUCK is not just a token — it's a viral movement born on TikTok with over 1 million followers. Our mascot, the cutest and most charismatic cat on the blockchain, has captured hearts and wallets with a unique proposition: combining fun, luck, and real impact in Web3.

\$LUCK is building an engaged community passionate about memes, decentralization, and fair growth opportunities.

2. Vision & Mission

Vision: To become the largest viral crypto community in the world, led by a token inspired by luck, humor, and Web3 culture.

Mission: To democratize access to meme tokens with a gamified distribution system, promoting fairness, virality, and real engagement.

3. \$LUCK Token Utility

- Native token of the TAP GAME (a luck and skill-based game available on the official site)
- Used in viral campaigns, rewards, raids, and giveaways
- Trigger for future integrations with Web3 platforms and partner projects
- Rewards in social campaigns on X (Twitter) and TikTok

4. Tokenomics

- Total Supply: 1,000,000,000 \$LUCK
- Development Wallet: 37,000,000 \$LUCK (100% allocated to AIRDROP via TAP GAME)
- Distribun via TAP GAME:

 1,000 \$LUCK — 90% chance

🎁 100,000 \$LUCK — 9% chance

🎁 1,000,000 \$LUCK — 1% chance

- No presale, no VCs, 100% built by and for the community

5. Roadmap

Phase 1: Launch of the website and TAP GAME, TikTok campaign, initial airdrops

Phase 2: Partnerships with BONK.FUN, DEX listings, international community growth

Phase 3: Game feature expansion, holder NFTs, Web3 events

Phase 4: Listings on aggregators (CMC, CG), integration with gamified platforms

6. Team & Community

The \$LUCK project is led by Hassam, the developer and token creator, alongside a global community passionate about Web3, luck, and memecoins. The strength of \$LUCK lies in its foundation: over 1M TikTok followers and an extremely active community on Telegram and X.

7. Security & Transparency

- 100% traceable development wallet
- All allocations publicly disclosed
- Ongoing community audit
- No private allocation or hidden mint
