

Privacy Policy for Gesture Search App

Last updated: 18.1.2025

This privacy policy explains how Gesture Search ("we", "us", or "our") handles user data.

1. Data Collection and Use

We collect and use the following data:

- Contact Information: We access your device's contacts to enable the search functionality within the app. This includes names and phone numbers from your contact list.

2. How We Use Your Data

- Contact data is only used locally on your device for search purposes
- We do not store, transmit, or share your contacts with any third parties
- Contact data never leaves your device
- The data is only used to help you find and call contacts through gesture search

3. Data Storage

- All contact data remains on your device
- We do not maintain any servers or external storage of your data
- When you uninstall the app, all app-related data is removed

4. Permissions

The app requires the following permissions:

- READ_CONTACTS: To access your device contacts for search functionality
- CALL_PHONE: To enable direct calling of contacts
- QUERY_ALL_PACKAGES: To search and launch installed apps

5. Your Rights

You can:

- Grant or deny contact permissions
- Remove permissions through your device settings
- Uninstall the app to remove all app-related data

6. Changes to This Policy

We may update this privacy policy from time to time. We will notify you of any changes by posting the new policy on this page.

7. Contact Us
