Category	Link	Link Description
	Google Form Template	Appendix C – Roster Work Plan, improved example Appendix D – additional information to assist with WBL organization and reporting to meet the 6 criteria
	Dashboards -> Topics ->Graduation -> Postsecondary	If there are students that you do not have responses from, there may be post graduate training on WISEDash for District that you can find following this path
Snapshot Preparation Support & Links	CESA 6 Recommended CTE Course IAC Codes	The state has too many IAC codes. The codes should align to the career pathway, NOT the course. We are suggesting that all districts update courses to match these codes.
	October 22nd DPI CTE Data Snapshot Prep Slidedeck DPI Snapshot Data Reporting Preparation Guide DPI CTE Data Resources DPI Yr End Slidedeck	DPI's recent presentation slides for 1. 2024 Snapshot Prep and Year end CTE and Career Education tasks. Also included is the guide that was created for CTE and Career Ed data reporting and DPI site links
	DPI Link to WBL (Guide) DPI Summit SlideDeck-WBL (Handout) Slide Deck with Links	Work-based learning definitions and components. Slide Deck has many links. Changes in collecting WBL data in SIS vendors: Starting 2024-2025 YA work-based learning ROSTER CODE: 3383/ LIST NO IAC code Student Status in no longer collected in YA
	2023 Snapshot Prep Recording Slidedeck with Links 2024 Year End CTE and Career Ed Recording (Slidedeck)	CTE and Career Education Snapshot Prep CTE and Career Education end of year responsibilities
	DPIs Career Education Data Reporting	DPI worksheet for Career Education Data Reporting
	Roster Worksheet Template Template Folder	This is the DPI provided spreadsheet for career pathway courses and CTE roster coding. A link of your district submission will be provided soon. The template folder is for tracking IRCs both for technical incentive and state reporting.

Are you new to your data reporting role? Not sure how what to enter impacts state reports? Not sure what to enter and where? I can help you get started. As a member of the CESA 6 Perkins Consortium, I'm here to support your CTE data reporting needs!
