

## Topics

- EIQ
  - I would like to nominate Ábel as co-lead
  - [psystem description](#)
  - identification of top 1.1 issues
  - 1.0.1 bugfix release planned
  - guava issue as identified in the EMDW project ([bug 474180](#))
- VIATRA
  - DSE, CEP development status report
  - VIATRA xform ideas (Daniel Darvas thread)
  - VIATRA logo status
  - MWE integration status report
- Common
  - development on github?
  - IQL is now a member organization (yay! :-)
  - committer statuses

## Preparation

- EIQ 1.0.1 fix candidates
  - [472853](#) Minor dependency cleanup
  - [473841](#) and [474155](#) and [474214](#) issues with filtered base index
  - [Some exceptions](#) from error reporter
  - [472946](#) Facet editor renamed in Mars
- Most important issues for EIQ 1.1 (wishlist)
  - Type system overhaul
  - [464120](#) Maven compiler issue
  - [398636](#) Query Registry and [398636](#) Query Explorer rewrite
  - [434794](#) Fragment support in maven compiler
  - Language enhancements
    - Syntactic sugar
    - Rethink validation with local search/hybrid in mind
  - Better local search integration
  - Xtext 2.9 compatibility
  - GEF4 Zest update
  - yFiles update
  - Bootstrapping IncQuery (4 MWE workflows, 3 EMF metamodels, incquery pattern projects)

## Notes

- EIQ
  - Project leadership extension -> no concerns
  - PSystem documentation
    - Goal: simplified syntax for MPS-IncQuery
  - Publicable/referrable features -> documentation needed
  - Guava: let's follow Xtext guidelines [12, 19)
    - **TODO (István)** Add a FAQ entry to Eclipse Wiki
  - 1.0.1: goal - August 20
  - **TODO (Ábel)**: development guide update

- VIATRA
  - EGF integration
  - **TODO (Zoli)**: write mail to D. Darvas; remove group prepare; initialize Base index manually; use search plan debugger to get information
- Common
  - incQuerylabs/incquery and incquerylabs/viatra GitHub mirrors
  - incquerylabs is an eclipse.org member
    - Á. Horváth, I. Ráth, Á. Hegedüs, individual, mit.bme.hu email
    - D. Harmath, Z. Ujhelyi: individual, incquerylabs email
  - **TODO (István)**: BSc tasks
