

Position Title: Venture Capital Analyst

Location: Remote

Duration: Spring Semester (3 months)

Hours: 10-20 hours per week

About Fireroad (<https://fireroad.io/>):

Fireroad is a dynamic venture capital firm dedicated to identifying and nurturing innovative startups. Our mission is to support promising entrepreneurs and contribute to their growth in the ever-evolving business landscape. We offer an exciting opportunity to learn about venture investing, fundraising, and investment management while working alongside experienced professionals in the field.

Position Overview:

Are you passionate about the world of venture capital and eager to dive into the fast-paced startup ecosystem? Fireroad is seeking a Venture Capital Analyst to join our team and assist the Principal and Analyst in conducting market research projects and handling administrative operations. This role offers a unique opportunity to gain valuable experience and insights into the venture capital industry while contributing to our mission of supporting entrepreneurs.

Responsibilities:

- Collaborate with the Fireroad Principal and Analyst on market research projects.
- Assist with administrative operations to ensure smooth workflow.
- Conduct industry and competitor analysis to support investment decisions.
- Assist in the preparation of investment materials and reports.

Qualifications:

- Strong interest in venture capital and the startup ecosystem.
- Excellent research and analytical skills.
- Detail-oriented with strong organizational abilities.
- Effective communication and teamwork skills.
- Self-motivated and able to take initiative.

Compensation:

This is a part-time position offering 10-20 hours per week with a competitive hourly rate of \$15. Additional compensation details will be discussed during the interview process.
