PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of hands-on experience building scalable web applications. Proven expertise in React, Next.js, and Node.js with experience managing MongoDB and PostgreSQL databases. Experienced in collaborative development environments, translating design requirements into responsive, high-performance applications.

SKILLS

Certification: [Modern JavaScript Practice](#)

Languages & Frameworks: JavaScript, TypeScript, Python, HTML, CSS; React, Next.js, Vue.js (beginner)

Backend & APIs: Node.js, Express.js, GraphQL, REST APIs

Databases & Cloud: MongoDB, PostgreSQL, Supabase; Netlify, Render

Auth & Payments: JWT, Clerk, Stripe

Tools & Methodologies: Git, Responsive Design, Agile

Soft Skills: Problem-solving, Team collaboration, Communication, Accountability

WORK EXPERIENCE

Fullstack Web Developer | Freelance

Sydney, Australia | 2022- Current

- Developed and deployed 15+ responsive web applications using React, Next.js, and modern JavaScript frameworks.
- Built REST APIs and integrated GraphQL services handling dozens of API calls per application.
- Created 20+ reusable components and translated 10+ Figma designs into pixel-perfect, responsive interfaces.
- Integrated authentication systems (JWT, Clerk) and payment processing (Stripe) across multiple client projects.
- Delivered all projects 10% ahead of schedule through effective client communication and project management.

Junior Web Developer | G & D Developers (Remote)

Kathmandu, Nepal | Jan 2023- August 2023

- Contributed to React-based eCommerce platform development within a collaborative team of 5 developers.
- Managed Git workflow on GitHub, creating 5+ issues, 5+ pull requests, and resolving 2+ merge conflicts.
- Refactored layout components for mobile responsiveness and improved accessibility standards.
- Participated in Agile development processes including daily standups and sprint planning sessions.
- Collaborated with team members to deliver high-quality web solutions.

KEY PROJECTS

Nexify | Next.js 15, TypeScript, Shadcn UI, Clerk, Prisma, Supabase (Under Construction)

[View Project](#)

<https://github.com/pradeepkhanal23/nexify>

- Designing and developing a scalable SaaS platform capable of serving 100+ eCommerce clients.
- Implemented multi-vendor functionality and product management features with scalability plans for 1,000+ users per client.
- Enhanced SEO performance by 20% via optimized SSR techniques in Next.js, and reduced initial page loads by 10%.

Expense Tracker | MongoDB, Express, React, Node, GraphQL, JWT, Shadcn UI

[View Project](#)

<https://github.com/pradeepkhanal23/expense-tracker>

- Designed and deployed full-stack personal finance tracker as University of Sydney bootcamp capstone project.
- Engineered GraphQL API with JWT-based user authentication for secure data transactions.
- Created interactive dashboard with visual graphs supporting management of 2+ expense categories per user.

Luxehome | React, Tailwind CSS, Netlify Serverless Functions, Stripe, Context API

[View Project](#)

<https://github.com/pradeepkhanal23/luxehome-e-commerce>

- Developed modular eCommerce platform with search, filtering, and integrated Stripe payment processing.
- Implemented serverless backend using Netlify Functions to optimize responses and reduce complexity.
- Built flexible architecture allowing integration with different backends for varying implementation needs.

EDUCATION

Generative AI and its Business Applications

Sydney, Australia | Aug 2025

TAFE, Institute of Applied Technology, Digital

Full Stack Web Development Certificate

Sydney, Australia | Aug 2024

University of Sydney

Bachelor's Degree in Computer Engineering

Kathmandu, Nepal | Nov 2017

Tribhuvan University
