The screenshot shows the Google Sites editor interface for a 'Quarterly Report' template. The main content area displays a header with the text 'Quarterly Reports' and 'Q4 FY16', followed by a large image of a blue folder and a pen. Below the image is a section titled 'Q4 United States Segment Results' with a paragraph of text: 'Net revenues for the United States segment grew 120% over Q4 FY15 to \$1201.5 million in Q4 FY16. The increase was primarily driven by incremental revenues from 2120 net new store openings over the past 12 months, the impact of the 53rd week in Q4 FY16, and favorable foreign currency translation. Operating income grew 105% over Q4 FY15 to \$340.2 million in Q4 FY16.' The right sidebar, under the 'INSERT' tab, lists several components for insertion: Text box, Images, Embed, Upload, Components (including a Divider), Google Drive (including 'From Drive'), Google Embeds (including YouTube, Calendar, and Map), and Google Docs. A 'PUBLISH' button is visible in the top right corner of the editor.
