My signature above indicates that I understand the following:

- All course requests are due by **November 21, 2025**.
 - I will have the opportunity to review my choices in the spring and request changes.
 - All course requests will be finalized on **April 30, 2026**.
 - **Courses will be discussed during my advisement meeting with my Counselor.**
- Course requests are requests only and will be accommodated if possible.
- My course requests are not in a particular order, such as my top choice listed first.
- My graduation requirements override my course requests.
- If I do not submit at least six elective requests, then my electives will be chosen for me.
- AP course requests cannot be changed without a parent/teacher/administrator conference.
- If I **DO NOT** take 2 years of a foreign language, I understand that I will not be eligible to attend a 4-year school right after graduating high school.
- If I wish to participate in Dual Enrollment, Work-Based Learning, or Senior Privilege, those programs will be discussed and finalized during my advisement meeting with my counselor. I should not write those in as my choices below. I am interested in:
