

Family Background:

My ancestors are from Scotland but we live in NZ. I am 8 years old and my birthday is the 7th of October. I have two very cute bunnies named Cumulo (girl) and Nimbus (boy).

GETTING TO KNOW

Madeleine

Things I do not like:

I do not like spiders because they make me jump and fall over. I don't like mushrooms because they feel strange and squishy on my tongue. Neither do I like people being mean to humans or animals.

Things I like:

I like going to the beach and making sandcastles. I also like going snorkeling to see the coral reef and lots and lots of fish. I love reading because some books are very interesting. I have a lot of lego - but when mum and dad come round to the back of the couch they may get an ouchy foot.

What is important to me and my whānau?

- * Working together as a team
- * being nice to each other and helping each other

My Friends:

I have one very best friend and her name is Katrina (not Paige's mum). We do have fights sometimes, but after ten minutes apart we are ok again. We can be kind of crazy together.

Things I am good at:

I can play one instrument, the piano. I love reading and I practice by reading as many times a week as possible. I do swimming lessons almost every week - I keep on practicing and getting better.

What do I want people to know about me?

I go to waikowhai scouts and I am a cub and I like camping because we roast marshmallows and sing songs by the fire but sleeping in tents with mosquitos - I'm telling you, I hate it!
