I never leaked anything - why are you still believe your lies- I NEVER leaked anything — your Mom and YOU did - and now you wanna try and tear black men down and kill careers with all your lies you and your mom are doing! Smh - do whatever I want to you????? No look at what you've done to me! — Why are you such a liar? - I would think you would slow it down after you lied your way to fame. - I'm watching you cry and a tape you put out - and it's NOT even real tears. How can you cry about Something you put out?? Joe Francis and you Mom are the real players in this! - You've defamed my name and tried to kill my career but God didn't allow you to. Now you trying to do it again. I'm ashamed of myself for letting you do this to me for this long . You can never deny what you did. You know why ???

... that we go through only
makes us stronger. It's crazy how
all of this makes me fall in love with
you all over again. I truly wish you
can feel how much I really love
and care about you. I just want
this so badly I become impatient.
Know I need to be more understand-
ing and patient with you, so I am going to
try my best to do all I can do.
Please baby try to understand me.
The love is there, so I know our
future will turn out just right. I
am in my life and just want to make
things right. You are rushing me.
I finish packing I love you, we'll
see you later!

your baby
