Dear, Family

I am sorry this week my letter will be incredible short. Well things are good here I got back from a leadership training meeting in Hyderabad, which was amazing. But unfortunately it pretty much ate up our whole week. One amazing experience that I had last Sunday though was we went to a hospital where 3 other Elders and myself visited a recent convert who was sick as, we walked in the small and very poor looking hospital we found that the room where we were going was full of young children who were sick, one of the Elders who came with us who is very good at Origami made the young girl we had come to visit and upon seeing it the other children were anxious to see it, upon seeing this we decided to make a small bird for all the other children, as we left we presented each child with the small toy and then shook each of their hands. We then had a closing prayer with the family we had come to see. As we left the room we smiled and waved to each of those young children, and I heard the words of the Savior, often quoted by Dad, "behold your little ones." My heart was filled with love for each of these children of our Heavenly Father. And I felt the Spirit bear testimony to me of our Heavenly Father and Savior's love for each of them. That Day I felt probably in one of the greatest ways that I have ever felt, that I had done something the Savior would have done if he would have been there. This week please remember my love for each of you and in all that you think do and say, seek to do something the Savior would do if he was there. Have a great week, and remember that you are sons and daughters of Heavenly Father.

Thanks for all your words, and love for me. I am so thankful for the opportunity to be part of the Lord's service here in India.

Love, Elder Sommer
