WORK PRESENTATION: Space to describe to the editors: the justification for the work, its importance, contribution to science, why it should be published in BMRT, why readers will be interested, methodologies used, key conclusions, and its significance.	The article submitted to the journal aims to disseminate internal auditing in animal facilities as a tool for compliance with relevant regulations. It also seeks to promote the implementation of a Quality Management System in the institution, as this system is a prerequisite for internal audits. An animal facility is fundamental to the development and quality of work conducted within it.
