You see...

Do you finally want to get rid of that excess Fat??

In my years of coaching people on effective ways to lose fat and keep it away FOR LIFE, I've come to realize one simple truth:

It's NOT just about knowing what to do. You might know what to do and still not do it.

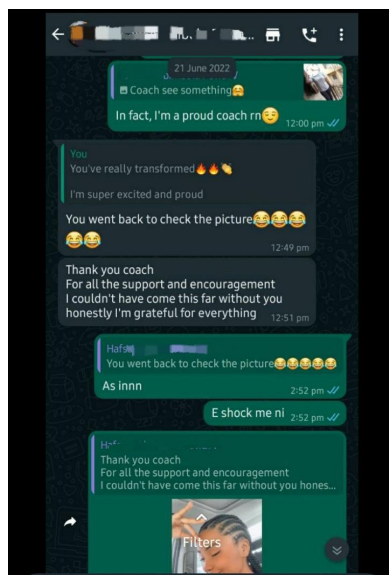

Sometimes, you just need someone to **constantly motivate** you and **guide** you. Someone to help you stay Dedicated and Consistent.

And, this was why I created the **30Days Challenge**.

So, you wouldn't just get the ULTIMATE Weight loss Guide and be on your own.

You'll also be getting **all the support & motivation** you need to stay focused on the goal for the next 30days.

Just like it's been helping Hafsaw;

Not just that, you'll be with people that are on the same journey with you. That would make the journey much easier and bearable for you.

Do you finally want to get rid of that excess Fat??

Onward...

3. Weekly Live Session (worth #10,000):

Listen, the most underrated thing in any weight loss journey is **SUPPORT**.

A lot of people give up on their journey because they don't get the support and encouragement they need.

You'll find out that even your family and friends are not helping.

That's why I'll be having Live Sessions with you every week, where I'll be sharing deeper secrets & life experiences with you.

This would also help you stay on track, even if everyone around you isn't supportive.

Do you finally want to get rid of that excess Fat??

This would prepare your mind ahead of what might derail you from the journey.

Now...

If you follow these secrets I'll be revealing to you in the **ULTIMATE Solutions to Weight Loss Guide...**

And the **100% support** and **encouragement** I'll be giving you in the 30Days Weight Loss Challenge...

Here is Esther;

She lost **5kg and 3inches** around her waist in few weeks and still wanted more 😊

Do you finally want to get rid of that excess Fat??

4. Personalized Meal Plan (worth #15,000)

One of the MAJOR challenge for anyone on a weight loss journey is **"What to eat"**

And, with my experience working with over 300 people for the past 2 years, I've come to understand that a "Food Timetable" could end up being a problem, rather than a solution.

And here's why:

- When you're given a Food Timetable to strictly follow, there are times you wouldn't just feel like eating anything on your timetable
- Some of the foods on Timetable could be foods you don't like to eat
- You might not have time to prepare whatever is on your "Timetable" for that day

And this is where the problem begins. You feel too restricted. Like you're being boxed up.

And that is why in my Program, you'll be getting a **Personalized Meal Plan**. That is...

Once you get in for my Program, I'll get a list of foods You love eating. Foods you personally enjoy and you can easily prepare.

And, with this list, I'd be creating a **Personalised Meal Plan** that is Specific for YOU.

Here's one I created for one of my People:

And you'll also be getting one just like this once you get in for my Program.

Do you finally want to get rid of that excess Fat??

But that's not all...

Incase you've got a health condition, you get:

5. Personalized Meal Plan for

- Ulcer Patient**
- Diabetes Patient**
- PCOS Patient**
- Breastfeeding mother**
- Metabolic Disorder**
(worth #20,000)

Every now and then, I get questions like

"Coach Tee, I have ulcer, how can I lose Fat without affecting my health?"

"Coach Tee, I'm a nursing mother, but I want to lose this belly Fat, hope it won't affect my breastfeeding?"

Well, you wouldn't have to worry about the Right Foods to eat anymore. Once you get in for my Private Weight Loss Program, you'll be getting a Personalized Meal Plan for any medical condition(s) you have.

And this is to ensure you consume just the right types of food that would sustain your health and help you shred that excess Fat.

There's MORE!

When you get in for my Program, you also get these bonuses:

BONUS 1:

● THE 1F/W SECRET TO SPEED UP YOUR METABOLISM

First, why do you mean to speed up your metabolism?

Simple: There are some people, you barely eat once in a day. Sometimes, you don't even eat at all. Yet..

You keep gaining more and more Fat.

Do you finally want to get rid of that excess Fat??

And this is partly because you have a **slow metabolism** (you'll find out the other part in the ULTIMATE Solutions to Weight Loss Guide).

For context: A **slow metabolism** means your body breaks down the little foods you eat very slowlllyyyyyyy.

And this is why you keep gaining more Fat, even after eating so little.

But in my Private Weight Loss Program, I'll be revealing the **1F/W Secret** to you.

This simple (but unknown) secret would help you speed up your metabolism WITHOUT;

Going to the hospital
Buying or taking any drugs
No extra expenses
No extra work

Mind you, this secret is **so effective** that practising it just twice in 2 weeks would strengthen your gut (responsible for handling the food you eat)..

And speed up the rate at which your body breaks down food. Resulting in weight loss. But that's not all...

BONUS 2:

- **The 38 years-married-woman method of shopping for AFFORDABLE, but Super Healthy (Nigerian) Foods.**

I don't know what country you're reading this from, but in this part of the world (Nigeria), elderly women ALWAYS know where and how to get good food at a very affordable rate.

Do you finally want to get rid of that excess Fat??

And this is because they know the right substitute to make. They know what substitution to make, and still come up with Healthy, Delicious & Enjoyable delicacies.

And, in my Private Weight Loss Program, I'll be revealing these Healthy Substitutes to you.

So that you can eat **real, healthy foods** without breaking the bank or spending beyond your budget.

Meanwhile...

There's always this notion that ***"Eating healthy is expensive"***

If only more people knew the secrets behind eating healthy and getting healthy foods, they wouldn't ignorantly make that statement.

I mean, I've been doing this for over 2 years now, and I've never spent beyond my budget on food.

And I'll be revealing this to you in my Private Weight Loss Program.

Is that all?? 'Course not!

BONUS 3

• 5 VIDEOS ON HOW TO COOK HEALTHY FOODS (FAST!)

For some people, creating time to cook is their major challenge. You cannot bring yourself to spend hours upon hours in the kitchen.

Maybe because of your work or school.

And that's why you'll be getting **5 Videos** on healthy foods you can easily prepare with lesser time spent.

Do you finally want to get rid of that excess Fat??

That way, you would have ZERO reason not to drop those kgs and inches around your waist.

But let's leave food for now, here's something even more interesting...

BONUS 4

● **Live Session with Vera (one of my People in my Program) that lost 22KG in less than 4 months!
(that's an average of 5.5kg in 30 Days)**

Aside from EVERYTHING you'll gain access to once you enroll for my Program, I've decided to bring up one of my People that already walked the talk.

She enrolled for my Program in June, and, for then it now, she has lost **22KG**

A WHOOPING 22KG!!

And I'll be bringing her up to talk to you, and show you the things she did.
Her setbacks..

Her personal experiences..

How she handled negativity..

How she managed to remain consistent regardless..

How she achieved her mindblowing results..

Everything!

And, with this...

It would be **IMPOSSIBLE** for you not to get the same results.

Do you finally want to get rid of that excess Fat??

Meanwhile, this session alone should be priced at #10,000 (I mean, you'd be getting first hand access to Practical secrets)..

But then, you'd be getting this for FREE once you get in for my Program.

BONUS 5

• Access to Food Idea Compilation Guide

In this Guide, you'll find out different Nigerian foods you can eat... Different food combos you can easily come up with **and still drop those kgs and inches.**

My people have been using the Ideas in this Guide to come up with sumptuous meals, while still getting rid of body & belly fat.

And I'll be handing the Guide over to you as a Bonus once you enroll for this life changing Program.

BONUS 6

• 20 Simple Exercises you can do to achieve your goals.

I always say this always:

Weight loss is **80% WHAT YOU EAT** and 20% Exercise.

After getting the ULTIMATE Solutions to Weight Loss, you'll find everything you need to be eating to shred that fat.

But then...

Knowing just the right exercises to aid your journey wouldn't be bad, right?

In your leisure, you can do this exercise to burn even more fat.

Do you finally want to get rid of that excess Fat??

It's a win-win.

And...

That's not all.

BONUS 7

● 2 MONTHS FREE ACCESS TO PLATINUM SUPPORT GROUP

Think about this...

You enrol for my Private Weight loss Program... and... after 3-4weeks of **consistently doing** everything I show you... You start seeing amazing changes in your body...

Your back rolls begin to clear off gradually... Your protruded belly begins to reduce... some of your beautiful dresses are now fit... you look into the mirror and you're loving what you see...

You're super excited...

"Is this really me?" - you ask yourself..

And... you know... the more effort you put in... the more gorgeous you'll become... the more results you get. But then...

What happens after the 30 Days Weightloss Challenge ends??

Would you be left to continue the journey on your own?? What if you drift back to your poor eating habits??

Do you finally want to get rid of that excess Fat??

And... that's the **major reason** I created the **Platinum Support group**.

This group is **EXCLUSIVELY** for those that have enrolled for my Private Weight Loss Program. But wait... there are two things you should know:

1. The group is **NOT** free. And the reason is simple...
As humans... we only truly value something when we pay for it.

So... to ensure everyone remains on their toes and continue putting in the work to get amazing... jaw dropping transformation... the Platinum Support Group is presently on a monthly subscription...

But... (here's where it gets interesting)

2. When you enrol for my Private Weight Loss Program... and you're
(note the requirement) **super consistent** and **Disciplined** all through
the 30 Days...

You get **2 MONTHS FREE** access to the Platinum Support Group.

That is... after your 30 Days ends... you get **2 months exclusive access**
to the Platinum Support Group to continue your journey!

And the reason I do this is simple:

I love love working with people that are super Disciplined... they make all
my efforts worth it by getting results.

Which is the **number ONE** thing I value the most; **RESULTS!!**

I mean... I put in so much effort into every single batch of my Private Weightloss Program... so... I always want to work with those few people that are **willing and ready** to **consistently apply** everything I show them...

Do you finally want to get rid of that excess Fat??

To the point of getting mindblowing transformations in their body.

Their results always bring me Joy.

But first...

You're wondering...

How much does it cost to get into my Private Weight Loss Program?

I'll tell you shortly.

But first, let's do a little math (help me out)

i. The Ultimate Solutions to WL Guide is #30,000

(this Guide contains powerful secrets that would help you burn that Fat (naturally) in no time)

I mean, if I price it at #45,000, it would still be a steal. Considering these fake products out there cost far more than that.

ii. Private Support Group is #15,000.

You'll be getting what you'll NEVER get anywhere else in this group.

iii. Weekly Live Session is #10,000

To book a personal session with me costs far more than that.

iv. Personalized Meal Plan is #15,000

You'll be getting a Meal Plan specific for YOU. That contains what You love to eat

v. Personalized Meal Plan (for Ulcer/Diabetes/PCOS Patient) is #20,000

Then there are other **Bonuses** worth **#70,000**.

Do you finally want to get rid of that excess Fat??

Now, if my calculations are correct, Total should be around **#160,000**

But then, you won't be paying 160k for my Program (we all know how the country is. Only a handful of people can afford that right now).

So..

How much will it cost you to get in for my Life transforming Program?

Well, I considered **#75,000**

Which is still very affordable.

I mean, I've come across Weight Loss Pills and "packages" that cost more than 75k and **THEY DO NOTHING!**
(you can testify that they do nothing, right?)

But let's be realistic...

Because I want to help you get rid of that fat the **SAFEST** and **Most Effective** way possible...

And I know getting 75k would be really difficult for an average Nigerian, especially with the economy...

That's why you won't be paying 75k to join my Private Weight Loss Program.

Heck, you won't even pay half of that.

To join my Private Program and get access to ALL these, including the Bonuses...

You'll be paying of just **#45,500**

Do you finally want to get rid of that excess Fat??

I WANT TO GET RID OF THIS FAT NOW!

Now, why is it so cheap?

You might ask.

Well, aside from the fact that I want to help a lot of people (that are truly tired) lose Fat and regain their confidence...

I'm also doing this for **selfish reasons** and I don't hide it.

Here's what I mean:

I want you to get into this program...apply these secrets I'll be showing you and see **crazy changes** in your body.

So... I can use your mind blowing reviews to get more people to enroll at a higher cost.

It's a win-win, right?

Secondly, I sincerely and truly want to help you achieve that great body.

And yeahh, you might not believe it, but it's the truth.

I mean, helping my People achieve that gorgeous body they've always dreamt about...

And getting heart melting reviews from them makes me extremely happy.

Just like this one;

Do you finally want to get rid of that excess Fat??

One more thing...

I love to reward those that take action immediately...

For that reason...

The first 10 people that enroll for the Private Weight Loss program...

You'll pay

#27,500

Instead of #45,500

This is just for the first **10 people** though. Once we get to 10, that's all. Now...

If you understand everything I've said so far, then click on the link below

You'll be redirected to my Private WhatsApp number and you'll get the details to pay.

After which you'll be added to the Private Group and your journey to finally get rid of that Fat FOR LIFE begins

"Hol'up Coach Tee...

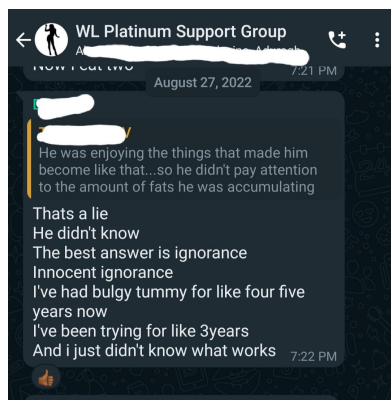

I understand everything you've said so far... but... I'm scared! I've tried different things in the past that didn't work... So...

What exactly makes your Private Weight Loss Program different from everything I've tried in the past?

Cos' I don't want to fall victim again"

Okay... before I answer that... let me show you this:

One of my People in my Private Weight Loss Program... She had been trying to lose Fat for **FIVE GOOD YEARS!!**

She tried different things for **3 years...** before she finally came in contact with me in March. But...

Do you finally want to get rid of that excess Fat??

She still didn't enroll for my Private Weight Loss Program until July. And...

See what she recently sent...

She's now seeing **Amazing changes** in her body.

Meanwhile...

What makes my Private Weight Loss Program SUPER EFFECTIVE??

Why do my People keep seeing amazing changes? And... Why would it work for you??

1. You're NOT "using" anything in my Program

Meaning... my PWL Program is NOT one of those programs where you're told to buy pills... or rub peppery oil on your tummy (thats b*llshit by the way)

Neither will you be told you drink Slimming teas that would make you shit yourself all day.

In my Private Weight Loss Program... it's purely **YOUR DIET!**

Do you finally want to get rid of that excess Fat??

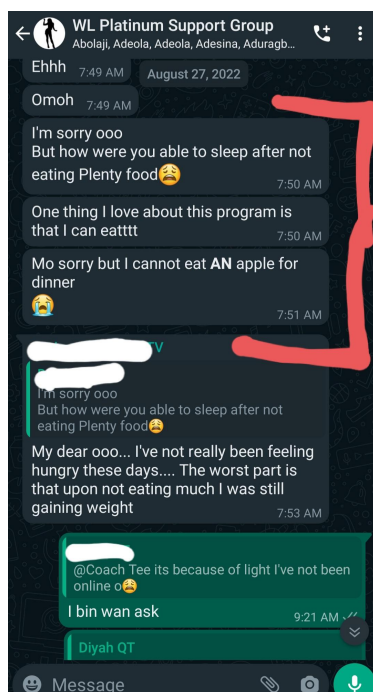

Which leads to the next point...

2. You're NOT starving yourself in my Program!

You see... whenever people hear "Diet"... they're quick to think of "Starvation". And...

It's not your fault. You've been told that you need to starve yourself to lose Fat. But then... this is FARRRRRR from the truth.

Just like my People have been doing.

More??

3. You'll be getting CONSTANT SUPPORT in my Program.

I said this earlier... the biggest secret to finally get rid of your belly and body Fat is...

Constant Support.

You see...

9 out of every 10 people that start a Weightloss journey every year... end up giving up... and...

It's mostly because **they don't get the Push to keep going..**

Maybe you've even experienced this before...

You started some months ago and ended up tired and frustrated...

No one was there to encourage you... you had no one to reach out to... or speak to... so...

You finally gave up.

But... in my Private Weight Loss Program... you'll be getting **ALL the constant support** you need to keep you going.

Just like I've been doing for my People... and... the results have been nothing short of AMAZING. And...
