Privacy Policy

The Focus on it app is built by Gromova Angelina and the app is provided free of cost with some paid features which can be bought inside the app and the app is intended for use as is.

This page is used to inform website visitors regarding my policies with the collection, use, and disclosure of Personal Information if anyone decided to use my Service.

If you choose to use my Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that I collect is used for providing and improving the Service. I will not use or share your information with anyone except as described in this Privacy Policy.

Information Collection and Use

You privacy is our major concern. We don't collect your personal information or usage data. The app is stand alone and is not connected with backend. However for building a better experience we use third party services like Google Analytics where we track the action performed in Focus on it app itslef like button clicks and screen view

For a better experience, while using our Service, I may require you to provide us with certain personally identifiable information. The information that I request is retained on your device and is not collected by me in any way

The app does use third party services that may collect information used to identify you.

Link to privacy policy of third party service providers used by the app

- Google Play Services
- AdMob
- Firebase Analytics

Log Data

I want to inform you that whenever you use my Service, in a case of an error in the app I collect data and information (through third party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing my Service, the time and date of your use of the Service, and other statistics.

Cookies

Cookies are files with small amount of data that is commonly used an anonymous unique identifier. These are sent to your browser from the website that you visit and are stored on your device internal memory.

This Service does not use these "cookies" explicitly. However, the app may use third party code and libraries that use "cookies" to collection information and to improve their services. You have the option to either accept or refuse these cookies and know when a cookie is being sent to your device. If you choose to refuse our cookies, you may not be able to use some portions of this Service.

Security

I value your trust in providing us your Personal Information, thus we are striving to use commercially acceptable means of protecting it. But remember that no method of transmission over the internet, or method of electronic storage is 100% secure and reliable, and I cannot guarantee its absolute security.

Links to Other Sites

This Service may contain links to other sites. If you click on a third-party link, you will be directed to that site. Note that these external sites are not operated by me. Therefore, I strongly advise you to review the Privacy Policy of these websites. I have no control over and assume no responsibility for the content, privacy policies, or practices of any third-party sites or services.

Children's Privacy

These Services do not address anyone under the age of 13. I do not knowingly collect personally identifiable information from children under 13. In the case I discover that a child under 13 has provided me with personal information, I immediately delete this from our servers. If you are a parent or guardian and you are aware that your child has provided us with personal information, please contact me so that I will be able to do necessary actions.

Permissions needed

• Usage Access Permission- Required to find the foreground apps, calculate the usage and restrict the usage based on the configuration.

• Notification Access Permission - Required to find the new notifications and mute based on the configuration.

• Device Administrator permission - This app uses the Device Administrator permission (BIND_DEVICE_ADMIN). By enabling Device Administrator permission for Focus on it, you can prevent yourself from uninstalling or force closing it. You can uninstall Focus on it and disable the device admin permission from your phone or Focus on it settings once the Strict Mode is over.

Changes to This Privacy Policy

I may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. I will notify you of any changes by posting the new Privacy Policy on this page. These changes are effective immediately after they are posted on this page.
