

Annual Student Registration (Please complete by Friday, Aug. 16, 2024)

Annual student registration takes place through a parent PowerSchool account. We are collecting the annual student registration information through the Forms tab in PowerSchool. This allows us to communicate with you in a timely and accurate manner and helps us protect the safety, health, and wellness of your child.

Accessing Secure Forms

Online forms are integrated into PowerSchool. All registration forms are shared with parents via the Parent Portal in PowerSchool. Parents or guardians will see the “Forms” link on the left-hand navigation bar.

Annual Registration Forms

All “empty” forms need to be completed for each child’s annual registration. Other forms may be updated and resubmitted as needed.

To open a specific form, click on the form name within the form list. Fields with the * icon are required fields. Once each form is completed, press the Submit button at the bottom right of the form. A pop-up window will open on submission, informing you the form has been submitted.
