

# PLANNING FOR **100** DAYS

How can your LG plan your contribution for 100 Days?

1.

## Get your LG into shape!

### You will need:

- At least one **LG coordinator**.
- At least one **LG integrator** responsible for helping new people get involved in your LG, e.g. find them a buddy, check in with them, identify simple tasks for them.
- All your **inboxes** (email, social media) to be monitored by someone several times a week. People receive an automatic welcome email when they sign up to your local mailing list ([template can be found here](#)).
- You have a **group chat/broadcast** for the whole LG that anyone can easily join, e.g. WhatsApp, or Telegram. [You have a few basic group chat rules](#).
- Access to **Action Network** and your local rebel database. New people who sign up to your mailing list receive an automatic welcome email. You can request Action Network training [here](#).
- Your group on the [XR UK map](#). Email [map@extinctionrebellion.uk](mailto:map@extinctionrebellion.uk) for any social media pages/websites that are not being updated to be taken off the map.
- A [group agreement](#).
- A process for LG **passwords**. No password is known to one person only.
- A plan for how your group manages **money**.

Contact your **gardener** if you need help with any of these things.

Email [gardenersxr@gmail.com](mailto:gardenersxr@gmail.com) if you don't know who your gardener is.

## Design your 3.5 campaign.

### Plan your individual recruitment.

- How can you sign up as many people as possible on the [100 Days ticker](#)?
- Every new sign-up will receive a call from a centralised Rebel Ringer team.
- Might your LG want to organise one Trusted Messenger Talk before April?
- More information and updated 3.5 handbooks will be shared shortly.

You can contact your 3.5 Local Group Supporter for help with this. Email [xrproject3.5@gmail.com](mailto:xrproject3.5@gmail.com) if you don't know who your 3.5 Local Group Supporter is.

miro

### Plan your alliance building.

- Let the relationships team know if you have any key contacts in big potential partner organisations!
- Read the [guide on alliance building for 100 Days](#).
- Begin your mapping of local organisations that you could potentially partner up with for 100 Days (your gardener can help you with this).

You can contact the Relationships Team if you have any questions or feedback on this process.

Email them at [Relationships100days@gmail.com](mailto:Relationships100days@gmail.com).

## Set yourselves a goal.

*How many people do you aim to bring to Parliament from the 21st April?*
