Hello there, John Newman here... and firstly, a massive thank you for taking the time to check out this doc.

One thing I've discovered working online is that you can always make more money but you can't get back your time, so I really do appreciate you checking out this awesome opportunity.

You are reading this doc as you have either:

1) Have you been looking to get started with your own online business or side hustle and maybe even generate your first sales online but don't really know where to start?

2) Or maybe you've been building an online business for a while and have seen some success but really want to step on the gas and scale to start consistently generating \$10k - 20 - 30k/month?

Either way, you've come to the right place!

A couple of quick questions:

Have you ever felt like you've suffered from "shiny object syndrome"?

Feeling like you've been wasting your valuable time and money in trying to grow your business through purchasing products that make fake promises and push button software that doesn't even work?

Is it like you can't get any traction... one step forward, two steps back... and you feel like you've just been pouring money into a bottomless pit with no real direction and getting minimal or maybe even ZERO results at all?

Ultimately.... You feel like you are in a place where you are literally about to chuck it all in and give up altogether... I'm sure you've felt like this many times, right?

I TOTALLY get it... I've been there... It can be so frustrating when you are just pulling in small commissions with very little return on your investment... and sometimes there is nothing coming in at all...

Now, Let me be clear.... Buying product after product with no real direction... DOES NOT WORK....

And I've tried just about EVERYTHING!

Since starting my first Website Blog in 2014, I've tried SEO, Domain Flipping, eCommerce, Dropshipping, Trading, promoting different platforms, and heaps of other stuff... all with little or NO results...

Over the years I've spent 10's and 10's and 10's... AND 10's of thousands of dollars to discover what DOESN'T work... I've failed way more times than I care to remember... but fortunately, I've also found what does work...

Over the last couple of years, my business partner Cynthia and I have developed a simple, repeatable, scalable system that has seen us earn hundreds of thousands of dollars in affiliate and product sales, as well as becoming a top 5% affiliates and top 10% vendors on the Warrior Plus affiliate network...

So what if you could tap into a proven method, and be supported by 2 multiple 6-figure income earners to help guide you on your journey?

We both literally started with nothing and knew nothing... I personally didn't even know much about what the internet really did when I purchased my first laptop and I struggled to log into my bank account and even open an email... We've both failed probably hundreds of times over our online journey... Until we found a proven method... and continued refining and simplifying the process...

Now, It just works... It's simple, repeatable, scalable... and profitable...

Honestly... take a moment and REALLY have a think... What would that level of income mean for you?

Really mean for you?

I’m talking about actually earning affiliate commissions consistently day after day... where you are bringing in more leads to your business that will continually buy from you over and over...

And it won’t just be those small one-time \$10, \$20 or \$50 commissions... now while they are great... we call them our bread and butter...

But I’m also talking about adding in passive income... recurring commissions coming in month after month...

...As well as leveraging the power of high-ticket commissions... adding in an additional \$500 - \$1000 per sale...

And this can literally be you within just the next 30-60 days... Just by becoming a member of The Super Affiliate Method...

What would that do for your life?

Where could you go?

What could you do for yourself and others?

What WOULDN'T you have to do anymore that you don't want to do now but have to?

That's called freedom my friend 😊

But Firstly... Who this is not for...

- If you don't like making money and think money is not important or some BS like that, this probably isn't going to work for you
- If you're a whinger... a serial complainer, a serial refunder... if you can't take responsibility for yourself, you have a victim mentality etc...
- If you do NO work and expect results despite doing NOTHING and expect everything to be handed to you on a silver platter
- You think you know everything and won't take advice
- You think your failure is everyone else's fault and play the blame game
- You are a snowflake that can't take constructive criticism
- You can't follow instructions
- You basically have a broken mindset and are not willing to change...
Then this is not for you...

Sorry if this sounds harsh... I WANT you to succeed, but if you are not willing to meet me halfway, then I don't want to work with you... It's a WASTE OF BOTH MY TIME AND YOURS...

But if you don't mind an occasional bit of "hard loving" for your own good when required, then keep reading: (I'm not that bad really LOL)

The 50,000 Foot Overview of The Super Affiliate Method

In a nutshell, The Super Affiliate Method is geared to have you learn the fundamentals of building an internet business 'built on steroids' that will be profitable in the long term.

Long term?

Yes...

Not only will this fast track you right out of the starting gate, it will also arm you with powerful bank account stacking "evergreen" skill sets... That will allow YOU to never have to rely on anyone but yourself to consistently bank those fat weekly paychecks....

It's a pretty powerful feeling to be able to withdraw from my account and do spur-of-the-moment trips to Bali, and across Australia to visit family, watch sporting events and have nice nights out at 5-star hotels and great restaurants whenever I like...

We are going to teach you everything we have learned over the years "that works"... starting right from the fundamentals, to building profitable list-building funnels that can have you profiting from day 1, to email marketing, right through to building recurring income and high-ticket sales... plus additional powerful strategies to have you on track to achieving 10k/months within just 30-60 days.

This program is specifically for those that are looking to leverage our training, resources, strategies, methods... AND personal coaching and mentoring to keep you accountable and on track.

As you can see below, Paula-Maree tells how, even as a busy Mum, she learned directly from these strategies to boost her earnings massively...

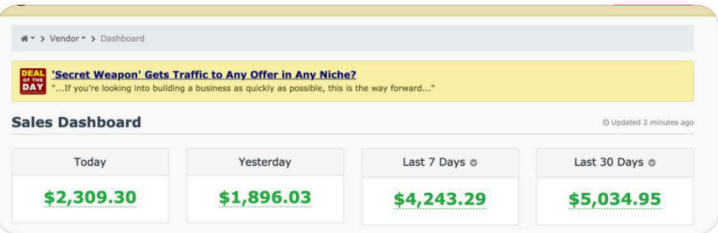

- Paula-Maree

Being a busy Mum I'm always on the lookout for the extra edge in my affiliate business, investing in my skillset is my priority so anything that can give me an edge on my competitor I grab with all ten fingers.

I place a high value on networking with likeminded marketers/mentors and that's what drew me to Cynthia and John's Super Affiliate Method.

Their coaching program tackles affiliates worst nightmare with a simple to follow system. By far my favourite email marketing system yet! Thanks guys you sure did boost my earnings as you can see in my results.

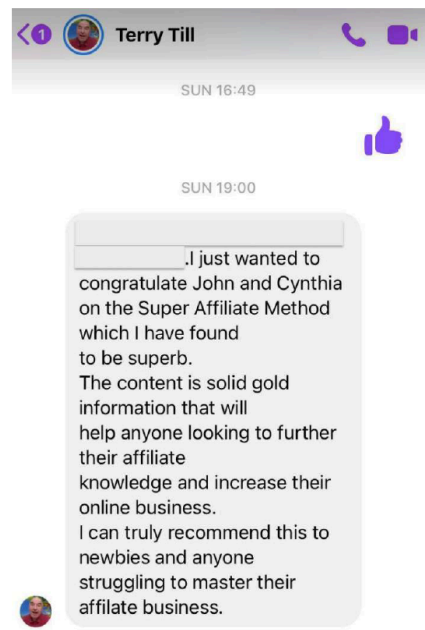

Paula-Maree x

And Terry is also happy...

- Terry

With these strategies at your disposal this will place you in a powerful position to quickly develop and scale a successful revenue building internet business.

These income generating strategies will have you wondering:

- 1) *“Why did I waste so much time on these other programs that clearly haven’t worked”*
- 2) *“Why couldn’t I build a consistent business with commissions flowing into my accounts more quickly...”*
- 3) *“Why haven’t I been able to earn past the \$10k/month sooner ”.*

This is why we have created The Super Affiliate Method....

I’m going to get straight to the point with you....

You can literally do this two ways.....

- 1) Read this document... go away, try and do it yourself and waste... 6-7 years as I did... maybe a bit less... or maybe even more...
- 2) Or take the shortcut to success and see your business start to flourish within just 30-60 days...

You see, we’ve already done the hard yards... years of trial and error and and failure... cutting through all the BS to find out what doesn’t work... and also what does!

NOT being able to tap into our successful strategies AND support outlined within The Super Affiliate Method coaching program will only just have you continuing to be held back from achieving your income goals...

Or maybe you just need the right direction to earn your first commissions without going through all the headaches and frustrations that we had?

In the past few years, I've continually witnessed people failing, day after day, because they decided to go it alone and try to figure it out for themselves... So much frustration and wasted time and money!

I've seen so many give up and quit altogether, even though they WERE seeing some results... just because they didn't have that support system in place to keep them on track and get the help when they needed it.

Having not only the right strategies but also the support network of not just one but two successful mentors ... will keep you on the right path to fast-track your success and keep you there for the long term...

Here's a snapshot of What The Super Affiliate Method Can Truly Do.

We are personally responsible for getting great results for our initial beta testers within a short period of time.

Through the power of these methods, The Super Affiliate Method has personally injected thousands in additional commissions for students over the last 6 months.

New members are enjoying fast up-front results, allowing them to hit \$500+ commission days quickly.

It's literally taking you... through a process where you can:

- 1) Build your own customer base immediately and fast...
- 2) Refer those customers to other people's products and earn commissions
- 3) Have those customers buy from you over and over and over....for even bigger commissions.

This program reflects what we do daily within our own business... it's not theory or speculation... so YOU can take away the exact strategies and apply and enjoy the power of generating income daily... just like Aktar has below:

- Aktar

I wanted to say a huge thank you for the The Super Affiliate Method coaching program. Finally, a System which helped me to reach my income goal. I was hustling for a long time but couldn't succeed yet. John and Cynthia your The Super Affiliate Method coaching program is amazing. It has helped me to understand everything in a very easy way. Now I am taking action and getting results. Along with your awesome Programm your support and motivation is a big reason behind my success, too. Thank you for creating such a program which really works and I feel so lucky to have learned from it and seeing results.

Sale Price	Commission
\$1,757.79	\$1,059.96

thanks, Cynthia and John for showing me the system so that I can enjoy such results

The benefits of this program have proven to be a game-changer to those that have implemented and taken action on its strategies.

But as I have mentioned before... there are really only 2 ways you can go from here after reading this document.

- 1) Try to figure out what we do blindly... and take 2-10 years to figure it all out yourself... Keep buying products that get you nowhere... or the “next shiny thing” that will continue to lead you down the path of failure...

Or...

- 2) Jump straight into The Super Affiliate Method program, ACCESS the real-world evergreen strategies that actually work, and with our help implement them quickly and successfully... and in 30-60 days... you could potentially be earning a 5-figure income consistently...
